Pumpkin Spice This Week:

Eight Flavors Sarah Lohman, 2016-12-06 This unique culinary history of America offers a fascinating look at our past and uses long forgotten recipes to explain how eight flavors changed how we eat. The United States boasts a culturally and ethnically diverse population which makes for a continually changing culinary landscape. But a young historical gastronomist named Sarah Lohman discovered that American food is united by eight flavors: black pepper, vanilla, curry powder, chili powder, soy sauce, garlic, MSG, and Sriracha. In *Eight Flavors*, Lohman sets out to explore how these influential ingredients made their way to the American table. She begins in the archives, searching through economic, scientific, political, religious, and culinary records. She pores over cookbooks and manuscripts dating back to the eighteenth century through modern standards like *How to Cook Everything* by Mark Bittman. Lohman discovers when each of these eight flavors first appear in American kitchens, then she asks why. *Eight Flavors* introduces the explorers, merchants, botanists, farmers, writers, and chefs whose choices came to define the American palate. Lohman takes you on a journey through the past to tell us something about our present and our future. We meet John Crowninshield, a New England merchant who traveled to Sumatra in the 1790s in search of black pepper. And Edmond Albius, a twelve-year-old slave who lived on an island off the coast of Madagascar who discovered the technique still used to pollinate vanilla orchids today. Weaving together original research, historical recipes, gorgeous illustrations, and Lohman's own adventures both in the kitchen and in the field, *Eight Flavors* is a delicious treat ready to be devoured.

Seasonal Sociology Tonya K. Davidson, Ondine Park, 2020-09-11 *Seasonal Sociology* offers an engrossing and lively introduction to sociology through the seasons, examining the sociality of consumption, practices, leisure activities, work, religious traditions, schooling, celebrations, and holidays.

Practical Feelings Marci D. Cottingham, 2022 Tracing emotions across work, leisure, social media, and politics, *Practical Feelings* counters old myths and shows how emotions are practical resources for tackling individual and collective challenges. We do not usually think of our emotions as practical; often they are nuisances to overcome, momentary mysteries to solve, or fleeting sensations to savor before getting back to the business of living. But emotions interlace the practical elements of daily life. In *Practical Feelings*, Marci D. Cottingham develops a theory of emotion as practical resources. By integrating the sociology of emotion with practice theory, Cottingham covers diverse areas of social life to show the range of an emotion-practice approach and trace how emotions are put to use in divergent domains. Spanning work, leisure, digital interactions, and the political sphere, Cottingham portrays nurses, sports fans, social media users, and political actors in more complex, holistic ways. *Practical Feelings* provides the conceptual tools needed to examine emotions as effort, energy, and embodied resources that calibrate us to the social world.

The Vegan Week Gena Hamshaw, 2022-12-27 Prepare for your week with this smart, practical, and delicious guide to vegan meal planning from the Full Helping blogger Gena Hamshaw, author of *Power Plates*.
