Cyber Week Usa:

The Palgrave Handbook on Cyber Diplomacy George Christou, Wilhelm Vosse, Joe Burton, Joachim A. Koops, 2025-09-30

This Handbook offers a state of the art overview and comprehensive analysis of the emerging field of cyber diplomacy During the last twenty years a complex cyber ecosystem has been emerging that is increasingly challenged at various levels in different domains and by a variety of actors Core issues range from cyber dis information warfare and frequent cyberattacks on critical infrastructure to sophisticated cybercriminals penetrating systems for income or simply securing rights online Such challenges are not only of a strictly technical nature but have also important social economic legal and geopolitical implications This broad policy agenda can neither simply be addressed by states alone nor by traditional diplomats that practice or engage in negotiations over securing cyberspace whether this is in relation to regulations norms rules or indeed technologies that can provide security and preserve fundamental rights and freedoms on the Internet Developments in practice and in theory require more complex conceptualisation and understanding of cyber diplomacy of what it is of who practices it where and how The Handbook seeks to contribute to the wider question on how cyber diplomacy might have affected and changed the tools and approaches of diplomacy itself and might influence the study of diplomacy in the future

Survival 59.6 The International Institute for Strategic Studies (IISS), 2023-04-21 *Survival* the bi monthly publication from

The International Institute for Strategic Studies is a leading forum for analysis and debate of international and strategic affairs With a diverse range of authors thoughtful reviews and review essays *Survival* is scholarly in depth while vivid well written and policy relevant in approach Shaped by its editors to be both timely and forward thinking the publication encourages writers to challenge conventional wisdom and bring fresh often controversial perspectives to bear on the strategic issues of the moment
