Gain a competitive edge, get the most from today's technology. Technology changes so fast that it's easy to be intimidated by it. Our personal choices and business decisions are increasingly driven by digital word of mouse, and it's essential to our success and satisfaction to take control of the gadgets, apps, and trends that are shaping our world. Bestselling author and trend watcher Marc Ostrofsky is here to help. In this groundbreaking new book, Ostrofsky reveals the ways that new technologies implant themselves in our daily lives and how we can easily take advantage of them to live, learn, buy, sell, work, play, communicate, and socialize better. Covering diverse topics from how the Internet affects our health to how we can become bargain hunting pros, Ostrofsky's book could come at no better time. The Internet's presence is only growing, and new technologies are sprouting up every day. We must learn how to cultivate these new tools so that we can remain competitive and live happier, healthier lives. Word of Mouse gives you the tools you need to conquer information overload and puts you in the driver's seat of the world's most potent technologies.

Digital Business and Electronic Commerce Bernd W. Wirtz, 2024-06-04 This textbook introduces readers to digital business from a management standpoint. It provides an overview of the foundations of digital business with basics, activities, and success factors, and an analytical view on user behavior. Dedicated chapters on mobile and social media present fundamental aspects, discuss applications, and address key success factors. The Internet of Things (IoT) is subsequently introduced in the context of big data, cloud computing, and connecting technologies, with a focus on Industry 4.0 and the industrial metaverse. In addition, areas such as smart business services, smart homes, and digital consumer applications, as well as artificial intelligence, quantum computing, and automation based on artificial intelligence, will be analysed. The book then turns to digital business models in the B2C (business to consumer) and B2B (business to business) sectors. Building on the business model concepts, the book addresses digital business strategy, discussing the strategic digital business environment and digital business value activity systems (dVASs), as well as strategy development in the context of digital business. Special chapters explore the implications of strategy for digital marketing and digital procurement. Lastly, the book discusses the fundamentals of digital business technologies and security and provides an outline of digital business implementation. A comprehensive case study on Google Alphabet explains Google's organizational history, its integrated business model, and its market environment, rounding out the book.

UNDERSTANDING CAPITALISM Shawn Armstrong, 2025-04-19 Chapter 1: The Weight of Decision: Unraveling Human Nature and the Price We Pay for Choice. This chapter delves into the intrinsic nature of human decision making, exploring how choices shape our lives and the inherent costs associated with them. It examines the psychological and emotional burdens that accompany decision making, emphasizing that every choice carries a weight that influences our overall well-being and societal dynamics. Chapter 2: Navigating the Balance: Understanding Profit
