Futrell, Mark Valvasori, 2003-07-29 The Second Canadian Edition of ABCs of Relationship Selling explores professional selling from a Canadian perspective. As the title of the book suggests, the text is centered around a philosophy about selling that success requires mastery of selling basics including selecting presentation styles and effective closing techniques. In addition, other key topics such as ethics and territory management are explored. Using a logical step-by-step approach, ABCs of Relationship Selling takes students through the selling process and gives them the tools they need to build effective customer relationships.
