Fluency and Reading Comprehension in Typical Readers and Dyslexic Readers: Volume II Manuel

Soriano-Ferrer, Simone Aparecida Capellini, Giseli Donadon Germano, 2024-03-06 This Research Topic is the second edition of Fluency and reading comprehension in typical readers and dyslexics readers Volume I This Second Edition Research Topic is focused on the characterization of the reading writing difficulties and their comorbidities and in the analysis of evidence based recommendations for early interventions and treatment of these difficulties within the fields of neuropsychology speech language pathology and educational psychology Reading involves decoding and comprehension components and to become efficient it requires a large number of cognitive and linguistic processes Among those decoding failures can have different origins such as deficits in phonological and or visual processing In addition a child with reading difficulties might also have problems in the acquisition of writing and handwriting performance This is an important point to be discussed as reading and writing both suffer interference from vocabulary acquisition linguistic skills memory skills reading and writing practices and literacy methods These processes become important only when the professional needs to deal with students presenting learning difficulties Difficulty in using the knowledge of conversion rules between grapheme phoneme to word reading construction or phoneme grapheme for writing can be identified in schoolchildren with dyslexia dysgraphia and dysortography being a specific learning disorder with a neurological etiology In addition there is established evidence of a speech language processing basis students with specific learning disabilities can show a range of cognitive difficulties e g rapid naming executive functioning working memory These presented difficulties interfere in their learning process impairing their learning development

Teaching and Learning Chinese as a Foreign or Second Language: The Educational Psychology Perspective Yang Frank Gong, Chun Lai, Jinghe Han, Chan Lu, Sihui Echo Ke, 2024-02-21

Over the past two decades Chinese as a foreign or second language CFL CSL has been increasingly taught and learnt as an important language both within and outside China Studies in the field have attempted to address deep seated tensions between existing educational ideologies concepts strategies and approaches and student learning process and performance and between existent teaching methods and techniques and the globalization of Chinese language education

Reading Comprehension Strategies Danielle S. McNamara, 2007 First Published in 2007 Routledge is an imprint of Taylor Francis an informa company

Handbook of Research on Reading Comprehension Susan E. Israel, 2014-06-03 Researchers of reading comprehension literacy educational psychology psychology and neuroscience are brought together for this handbook to document and summarize the current body of research on theory methods instruction and assessment in reading comprehension

Handbook of Reading Disability Research Anne McGill-Franzen, Richard Allington, 2010-09-17 Bringing together a wide range of research on reading disabilities this comprehensive Handbook extends current discussion and thinking beyond a narrowly defined psychometric perspective Emphasizing that learning to read proficiently is a long term developmental

process involving many interventions of various kinds all keyed to individual developmental needs it addresses traditional questions What is the nature or causes of reading disabilities How are reading disabilities assessed How should reading disabilities be remediated To what extent is remediation possible but from multiple or alternative perspectives Taking incursions into the broader research literature represented by linguistic and anthropological paradigms as well as psychological and educational research the volume is on the front line in exploring the relation of reading disability to learning and language to poverty and prejudice and to instruction and schooling The editors and authors are distinguished scholars with extensive research experience and publication records and numerous honors and awards from professional organizations representing the range of disciplines in the field of reading disabilities Throughout their contributions are contextualized within the framework of educators struggling to develop concrete instructional practices that meet the learning needs of the lowest achieving readers *Reading Comprehension Instruction, 1783-1987* H. Alan Robinson, 1989 This book examines the methods materials outcomes and technologies of past literacy practice with special focus on the teaching of reading comprehension The book presents a study of published texts on reading comprehension instruction in America in the preresearch period 1783 1910 as well as published research reports from 1910 through 1987 The book argues that many of the trends in comprehension instruction can be traced to developments in American psychology and looks at future directions for both the practitioner and the researcher A review of all the studies focused on reading comprehension instruction discussed in the book and an alphabetical listing by author of each study are included in the appendixes KEH

Curriculum-based Assessment Carroll J. Jones, 2008 Although curriculum based assessment CBA has been on the horizon for a number of years there has been a need for a practical classroom based approach for its implementation This second edition is a major revision and update that offers practical and specific methods for developing and using CBAs in an educational setting It gives educators a highly specific step by step approach to building CBAs in the area of reading word recognition reading comprehension content reading mathematics and written expression Each chapter offers detailed easy to read and easy to follow instructions for the assessment construction process To further clarify the process extensive examples are given in table format A unique feature of the text is the manner in which the author illustrates the principles of CBA by providing a case study on one student which is referred to in each chapter Its formative assessment approach gives the teacher additional detailed information about students OCO performance which in turn should guide the type of instruction designed and implemented ultimately leading to higher performance on summative outcome measures Addition ally detailed information is provided on subject area CBA construction the creation and implementation of a district wide CBA system for response to intervention and how to use IDEA S response to intervention in student evaluation **Handbook of Reading Research, Volume V** Elizabeth Birr Moje, Peter P. Afflerbach, Patricia Enciso, Nonie K Lesaux, 2020-06-02 In a time of pressures challenges and threats to public education teacher preparation and funding for educational research the fifth

volume of the Handbook of Reading Research takes a hard look at why we undertake reading research how school structures contexts and policies shape students learning and most importantly how we can realize greater impact from the research conducted A comprehensive volume with a gaps and game changers frame this handbook not only synthesizes current reading research literature but also informs promising directions for research pushing readers to address problems and challenges in research design or method Bringing the field authoritatively and comprehensively up to date since the publication of the Handbook of Reading Research Volume IV this volume presents multiple perspectives that will facilitate new research development tackling topics including Diverse student populations and sociocultural perspectives on reading development Digital innovation literacies and platforms Conceptions of teachers reading readers and texts and the role of affect cognition and social emotional learning in the reading process New methods for researching reading instruction with attention to equity inclusion and education policies Language development and reading comprehension Instructional practices to promote reading development and comprehension for diverse groups of readers Each volume of this handbook has come to define the field for the period of time it covers and this volume is no exception providing a definitive compilation of current reading research This is a must have resource for all students teachers reading specialists and researchers focused on and interested in reading and literacy research and improving both instruction and programs to cultivate strong readers and teachers

Reading Comprehension Instruction Katherine Maria,1990

Understanding Differential Academic Reading Comprehension of Good Vs. Poor Readers in English as a Foreign Language ,2003

Understanding and Teaching Reading Comprehension Jane Oakhill,Kate Cain,Carsten Elbro,2014-08-21 The ultimate aim of reading is not the process but to understand what we read and comprehension can take place at many different levels There has been an increasing emphasis on the importance of reading comprehension in recent years but despite this there is very little written on this vital topic accessible to trainee and practicing teachers The Handbook of Reading Comprehension presents an overview of recent findings on reading comprehension and comprehension problems in children It provides a detailed examination of the characteristics of children who have reading comprehension difficulties and examines ways in which comprehension can be supported and improved It is accessibly written for students and professionals with no previous background in the psychology of reading or reading problems This indispensable handbook asks the question what is comprehension The authors consider comprehension of different units of language understanding single words sentences and connected prose and outline what readers and listeners have to do to successfully understand an extended text This book also considers comprehension for different purposes in particular reading for pleasure and reading to learn and explores how reader characteristics such as interest and motivation can influence the comprehension process Different skills contribute to successful reading comprehension These

include word reading ability vocabulary knowledge syntactic skills memory and discourse level skills such as the ability to make inferences knowledge about text structure and metacognitive skills The authors discuss how each one contributes to the development of reading comprehension skill and how the development of these skills or their precursors in pre readers provides the foundation for reading comprehension development Areas covered include Word reading and comprehension Development of comprehension skills Comprehension difficulties Assessment Teaching for improvement Throughout the text successful experimental and classroom based interventions will be highlighted practical tips for teachers and summary boxes detailing key points and explaining technical terms will be included in each chapter
