*Navigating New Cyber Risks* Ganna Pogrebna, Mark Skilton, 2019-06-10 This book is a means to diagnose, anticipate and address new cyber risks and vulnerabilities while building a secure digital environment inside and around businesses. It empowers decision makers to apply a human centred vision and a behavioral approach to cyber security problems in order to detect risks and effectively communicate them. The authors bring together leading experts in the field to build a step by step toolkit on how to embed human values into the design of safe human cyber spaces in the new digital economy. They artfully translate cutting edge behavioral science and artificial intelligence research into practical insights for business. As well as providing executives, risk assessment analysts and practitioners with practical guidance on navigating cyber risks within their organizations, this book will help policy makers better understand the complexity of business decision making in the digital age. Step by step, Pogrebna and Skilton show you how to anticipate and diagnose new threats to your business from advanced and AI driven cyber attacks.

**Devil's Gate** F. J. Lennon, 2012-08-07 Some places are doomed to be haunted. Twenty eight year old Kane Pryce used to have one of the strangest jobs in the world capturing and exorcising spirits from people's lives. After the stress of the job finally got to him, he left ghost hunting and has been busy reinventing himself as the lead guitarist of a band on the brink of success. But it isn't long before Kane is asked to investigate a case involving Pasadena's infamous Suicide Bridge and gets sucked back into the supernatural realm. A mysterious force is luring hopeless victims to their death off the bridge and Kane must discover what power is keeping the lost souls trapped there. As Kane uncovers the sinister, deadly secrets of the bridge, he spirals into the dangerous, shadowy world of the occult, the seedy underground world of the Hollywood music scene, tumultuous romances and maddening journeys into the shattered minds of suicide victims. With the Soul Trap as his only defense, Kane must combat evil supernatural forces on a spiritual battlefield, a place between life and death where the fate of his own soul hangs in the balance.

**Complacency** Edward Minyard, 2023-05-26 Complacency exposes the perils of disregarding current global events and underestimating potential threats, drawing from his experiences in emergency management and cybersecurity to create an unforgettable tale that illuminates both preparedness and inaction, leaving readers with an intimate knowledge of the potentially devastating repercussions of becoming complacent in an ever-changing, ever-more volatile world.

**Easy Target** Tim Shoemaker, 2021-03-09 A school project goes terribly wrong in this middle grade thriller about ex-homeschooler and Christian teen Hudson Sutton and his experiences in his new school. When he makes two friends and attempts to take on an established hierarchy of bullying, he doesn't realize he's taking a risk he never expected: becoming a bully himself. From the same author who wrote the suspenseful fiction Code of Silence series, this is a realistic look at the extent and reality of bullying, especially through social media, with a Christian protagonist who learns that relationships, bullying, and doing the right thing are a bit more complicated than he realized. It also touches on the subject of suicide.
