**How to Be Cross Eyed** Jonathan Roseland, 2026-01-01 There's that moment when you meet a new person and you can tell that they are just a bit disoriented by your weirdness. You feel that familiar little pang of embarrassment and shame because you know how weird you must look to them. You're physically imperfect. So am I. I know that moment as well as you do. But you don't have to be cross-eyed or have a conspicuous physical imperfection to enjoy this book. Really thriving requires an uncommon set of barely legal Biohacking tools, social dynamics strategies from the fringes of polite society, and rapid mindset transformation technologies which this lifehacking manifesto delves into deeply. This book is especially for that one or two percent of the population that has a glaring physical defect which I fall into. I'm cross-eyed with Strabismus which you can see below. If you're reading this perhaps you are too. There are certainly people out there with more conspicuous physical imperfections who have it worse than I do. However, the eyes are the windows to the soul; they are a part of nearly every important human interaction. Not having normal eyes has been a disadvantage that I've needed to develop a specific set of skills and life strategies to overcome. I was talking to my lovely fiancée about this book and she asked me if the purpose of the book was to help the self-esteem of people with physical imperfections. Not really. This book is more about the lifehacks that I've employed over the past 15 years: strategies, methods, and tools that work to help you overcome the challenge of a physical imperfection and thrive. These things will likely improve your self-esteem, but they will also work if you have low self-esteem or no self-esteem or too much self-esteem as I'm sometimes accused of having. Self-esteem is not my focus; there are better books on self-esteem. My focus is on what works. This is not your typical self-help book. I've had a pretty interesting life: I've dated a politician's daughter in Medellín, Colombia; I hung out with spies in Kyiv, Ukraine; I've almost died underwater twice; I participated in a bank robbery and I lost my virginity to a spy, yes really. From getting into high-speed car chases to being deported from South American countries to representing the US Presidential candidate Donald J. Trump, I've found the
