Topics such as digital product evolution marketing strategy and research on place price and promotion are thoroughly reviewed alongside controversial areas such as the harmful effects of technology on consumers. It also suggests research opportunities for those wishing to explore a particular area in greater depth. *Basic Knowledge on FinTech* TABF Editorial Board, Hank C.C. Huang, 2020-04-01. As the field of FinTech continues its progress, financial institutions must not only enhance their digitization but also make serious efforts to understand the resulting new opportunities it creates. In line with these developments, TABF has published the book *Basic knowledge on FinTech* which was designed by us as a reference for the FinTech Knowledge Test Co. authored by TABF staff and other experts. It features balanced and credible analysis, avoiding trivia and overly complex concepts while emphasizing readability. The content structure is based on the World Economic Forum WEF's roadmap for FinTech development, adding in TABF's research findings plus other domestic and international trends and practices. Not only is *Basic knowledge on FinTech* suitable for financial proficiency testing but it can also be used as a textbook in university courses supplementing theoretical knowledge with up to date practical knowledge in this rapidly changing field.

Business Studies - Class 11 - English Navneet Singh, *Introduction to Business* At its core, a business is an organization or entity engaged in commercial, industrial or professional activities with the primary goal of generating profit. However, the concept of business encompasses much more than just making money. Here are some key aspects:

- Value Creation** Businesses create value by providing products or services that satisfy customer needs or solve their problems. This value can take various forms such as convenience, quality, innovation or affordability.
- Exchange** Business involves the exchange of goods, services or money between parties. This exchange can occur between businesses (B2B) or between businesses and consumers (B2C).
- Risk and Reward** Business activities involve taking risks such as investing capital, developing new products or entering new markets in the hope of achieving financial rewards. Managing risks effectively is crucial for long-term success.
- Innovation** Businesses drive innovation by developing new products, services, processes or business models. Innovation helps businesses stay competitive, adapt to changing market conditions and create value for customers.
- Employment** Businesses create jobs and contribute to economic growth by hiring employees, contractors and service providers. They provide opportunities for individuals to earn income, develop skills and pursue career advancement.
- Legal and Regulatory Environment** Businesses operate within a framework of laws, regulations and industry standards that govern their activities. Compliance with these requirements is essential for maintaining legality, ethical standards and social responsibility.
- Customer Focus** Successful businesses prioritize customer satisfaction and strive to build strong relationships with their customers. Understanding customer needs, preferences and feedback is critical for developing products and services that meet market demand.
- Financial Management** Businesses must manage their finances effectively to ensure profitability, liquidity and long-term sustainability. This includes budgeting, accounting, financial planning and investment decisions.
- Social Impact** Businesses have a broader impact on society beyond their economic activities. They can contribute to social welfare,

through philanthropy corporate social responsibility CSR ethical business practices and environmental sustainability initiatives Globalization In an increasingly interconnected world businesses operate across national borders engaging in international trade investment and collaboration Globalization presents opportunities for growth and expansion but also challenges related to cultural differences regulatory compliance and geopolitical risks Overall business encompasses a wide range of activities and functions aimed at creating value driving innovation and meeting the needs of customers employees shareholders and society at large
