Have you ever wondered how much hidden power lies inside the everyday map you use to find a restaurant check traffic or plan a trip What if those simple taps could unlock the same intelligence businesses use to predict customer behavior optimize delivery routes analyze risk and stay ahead of the competition In Google Maps Location Intelligence Geospatial Analytics Business Insights and AI Integration Silas Meridian invites you into a conversation not a lecture about the invisible patterns shaping our world And he asks the questions most people never think to ask Why do some businesses flourish simply because they understand location better How do companies know where to build when to deliver or which customers to target even before customers know what they want And more importantly why aren't YOU using the same tools This book doesn't talk at you it walks with you showing how location data quietly directs everything from marketing to urban planning to emergency response As you turn each page you'll find yourself asking What else is location telling me that I've been ignoring How much smarter could my decisions be if I understood these patterns What opportunities am I missing because I didn't look deeper Silas Meridian breaks complex concepts into a compelling conversation that feels almost personal like a mentor sitting across from you revealing the secrets behind geospatial analytics business strategy and AI powered intelligence You'll explore the real world logic behind data driven decisions uncover the surprising ways location shapes human behavior and learn how companies are using Google Maps not just as a navigation tool but as a strategic engine for growth As the discussion unfolds you'll find yourself thinking Could I use these insights to improve my business Is location data the key to solving problems I've struggled with What would change if I finally mastered the technology everyone else is quietly leveraging By the end you won't just understand location intelligence you'll see the world differently Every place every movement every pattern suddenly becomes meaningful The map comes alive And then the final question becomes unavoidable Are you ready to transform the way you think plan and make decisions If your answer is yes then don't wait Take the next step Unlock the power of location Get your copy now and start seeing what others overlook      [Never Lost Again](#) Bill Kilday, 2018-05-29 As enlightening as The Facebook Effect Elon Musk and Chaos Monkeys the compelling behind the scenes story of the creation of one of the most essential applications ever devised and the rag tag team that built it and changed how we navigate the world Never Lost Again chronicles the evolution of mapping technology the overnight success twenty years in the making Bill

Kilday takes us behind the scenes of the tech s development and introduces to the team that gave us not only Google Maps but Google Earth and most recently Pok mon GO He takes us back to the beginning to Keyhole a cash strapped startup mapping company started by a small town Texas boy named John Hanke that nearly folded when the tech bubble burst While a contract with the CIA kept them afloat the company s big break came with the first invasion of Iraq CNN used their technology to cover the war and made it famous Then Google came on the scene buying the company and relaunching the software as Google Maps and Google Earth Eventually Hanke s original company was spun back out of Google and is now responsible for Pok mon GO and the upcoming Harry Potter Wizards Unite Kilday the marketing director for Keyhole and Google Maps was there from the earliest days and offers a personal look behind the scenes at the tech and the minds developing it But this book isn t only a look back at the past it is also a glimpse of what s to come Kilday reveals how emerging map based technologies including virtual reality and driverless cars are going to upend our lives once again Never Lost Again shows us how our worldview changed dramatically as a result of vision imagination and implementation It s a crazy story And it all started with a really good map
