*Look Ma, "Hands" on Poetry* Adele Steiner, 2008-05 The workshops in Look Ma Hands on Poetry are designed to help teachers and poets familiarize elementary through high school students with a variety of creative and fun ways to engage their imaginations and write poetry They do so by encouraging teachers and students to explore together the art of poetry i e the art of employing the five senses to capture experience in language The workshops also introduce young writers to a wide range of poets and the poetic techniques and styles that they have incorporated in their writing As a result when students complete a series of workshops from this book they will know how to write a poem They may enjoy reading more poetry too because they will have a solid understanding of how poetry works Finally there are exciting ideas in Look Ma Hands on Poetry for ways in which young writers can exhibit and perform their poetry The workshops in this book run from 45 60 minutes with the time divided into three segments In the first the teacher reads and discusses poems that are examples of the types of poetry students will be writing In the second the teacher introduces the writing assignment and has students begin writing Finally students who finish poems are invited to share them in the remaining class time Because poetry is the art of capturing experience in language the workshops are structured around sight smell taste touch and sound Each of the workshops in the first five chapters is geared toward exploring one of these senses and the two later chapters contain workshops that require students to use all five to write their poems As a result workshops from each chapter may be used individually or in sequence to create one or two week poetry units that teachers and students can enjoy Workshops in the book include the Sleight of Hand and Animal Mask Workshops wherein students use metaphor simile and personification to create imagery in poems They use music and musical instruments to help them create sound and rhythm in the Native American Chant and Rap Workshops and then they literally play with words to write Bingo and Multiple Voice Poems Young people have opportunities to express their feelings through poetry in the Blues Love Potion and Ode Workshops and finally they use their five senses simultaneously when writing Bubble and Rainbow Poems and when they interpret paintings sculpture and music in Echphrastic Poems The book s final section presents creative ideas for poetry readings books and displays Suggestions for readings include the Poetry Cafe which can incorporate any of the Coffee House Tea Room 1950 s Diner and or Greco Roman Garden venues discussed in this section Student poetry books and chapbooks complete with student art and photos are described here too along with plans for poetry rainbows sidewalks mobiles and poetry word collections *Ballads and Rondeaus, Chants Royal, Sestinas, Villanelles* G. theatre innovation thereafter It also launched the careers of such actors as Diane Keaton Melba Moore Tim Curry Peter Gallagher and Ben Vereen Knotted polka dotted twisted beaded braided With more regional productions of Hair than ever before Scott Miller gives us an incisive and fascinating analysis of the show He looks at its place in theatre and cultural history and its impact on recent musicals including Rent What's more he delves into the mystical power Hair has over performers and viewers alike and its ability to literally change lives today including his Just ten days shy of the terrorist attacks in September 2001 Miller's theatre company had wrapped up their second production of Hair The show profoundly shaped their reaction to those events committing them to the belief in the goodness of people in general and of Americans in specific and in the connectedness we all share And as he reports the same profound feelings have been true of others performing this piece Bangled tangled spangled and spaghettied Whether you're a fan wanting to relive the time that extolled peace love and understanding and sex drugs and rock n roll or a theatre professional needing insightful analysis for a production read Scott Miller and know the true genius of Hair Let the sun shine let the sun shine in the sun shine in
