## **Miguel Street Samenvatting:**

**Miguel Street** V.S. Naipaul, 2012-03-22 Miguel Street V.S. Naipaul's first written work of fiction is set in a derelict corner of Port of Spain Trinidad during World War Two and is narrated by an unnamed precociously observant neighbourhood boy. We are introduced to a galaxy of characters from Popo the carpenter who neglects his livelihood to build the wild thing without a name to Man man who goes from running for public office to staging his own crucifixion and the dreaded Big Foot the bully with glass tear ducts. As well as the lovely Mrs Hereira in thrall to her monstrous husband V.S. Naipaul writes with prescient wisdom and crackling wit about the lives and legends that make up Miguel Street a living theatre a world in microcosm a cacophony of sights sounds and smells all seen through the eyes of a fatherless boy. The language the idioms and the observations are priceless and timeless and Miguel Street overflows with life on every page. This is an astonishing novel about hope despair poverty and laughter and an enchanting and exuberant tribute to V.S. Naipaul's childhood home.

Naipaul, Vidiadhar Surajprasad Naipaul, 2000 The time is World War II the setting a derelict street in Trinidad's capital Port of Spain. In this tender early novel Naipaul renders the residents' lives and the legends that arise around them with Dickensian verve and Chekhovian compassion. Mais pour ceux qui y vivent c'est un monde plein de ressources brillantes colorées unique un univers où toutes les excentricités sont possibles. L'étrangeté des personnages leur tristesse leur folie leurs comportements comiques leurs mésaventures tout ceci nous est conté avec humour et partout transparaît une triste bonhomie qui nous fait apprécier les faits divers de Miguel Street.    **Miguel Street** Vidiadhar Surajprasad Naipaul, Sofia Slotboom, 2003    **Don Quichot van Miguel de Cervantès (Boekanalyse)** Thibault Boixière, 2023-04-19 Wat moeten we leren van Don Quichot de l'essentiel de l'aventurenroman uit de Spaanse literatuur?
