

The background image shows a dimly lit underground tunnel. The walls are composed of dark, layered rock formations. A bright light source, possibly a headlamp or a small fire, is visible on the right side, casting a strong beam of light and creating a starburst effect. A red, faceted spherical object, resembling a gemstone or a piece of equipment, is positioned near the top right. In the foreground, a set of metal tracks or rails runs along the ground, leading towards the light source.
