Decide! VR Hogan,2019-08-26 **DECIDE** is the first book in a series of seven speaking to how we can manifest the lives we really want as opposed to simply getting what we get The first step is to simply have more than an idea but to be specific as to what it is we want **DECIDE** is also meant to show that not only is it possible to get exactly what you want but that we create our reality even now as we speak **DECIDE** is but the first step in understanding just how we ve been creating our reality up to this point as it is intended to take the mysticism out of the law of attraction and bring it into the realm of real life terminology and out of the realm of magic or superstition by pointing out that the law is you **DECIDE** is meant to be your practical guide to becoming conscious of not only what we ve been doing but also of just what we are capable of **DECIDE** is not only filled with ancient proven wisdom it also includes real life examples of the author s life to show how these principles play out in real life as opposed to simply reading about the law of attraction and how it has quite probably been playing itself out in your life but you may not have recognized it *Think!*

Different Andreas Boskugel,2015-03-25 *Think Different* is a different kind of self help book the author Andreas Boskugel is well known in Europe and appreciated for his clear and direct manner Boskugel has taken the law of attraction to its systematic and logical conclusion This book is completely free of otherwise typical references to moral or religious standards because the law of attraction like all natural laws isn t based on morality or religion Consequently the author has a very different take than do others on success for example he doesn t idolize hard work honesty and gratitude ad absurdum for these are only religious and cultural based opinions and actually contradict the law of attraction The author also forgoes

otherwise typical teachings about what is right or wrong after all what is right is individually defined Feigned pity or morality sermons are also not included in this work This work is for those who love the integrity of the law of attraction and prefer clarity over political correctness And it s for those who really want to get somewhere in life and who therefore question existing opinions It s for people who are able to think on their own instead of going with the flow For many it was not until reading this book that they finally understood the law of attraction for the topics in this book are more logically organized than in other popular works and insights are offered that can dramatically improve the lives of readers Completely new insights about the existing laws of life can help readers become invincible masters of their own destiny Keywords Law of Attraction Self Help Success Wealth Dream Wish Fulfillment Love Relationship Money *Sermons for the Church's year, original and selected, ed. by W.
