Missions Biblical Foundations And Contemporary Strategies:

Missions Gailyn Van Rheenen, 1996 This introduction to missions looks at the biblical and theological foundations for effective missions Van Rheenen also outlines practical strategies that will help present and future missionaries involved in taking the gospel to the world

Missions Gailyn Van Rheenen, 2014-07-22 In a rapidly changing world the central missionary vision of the church must be constantly renewed lest its foundations become lost in the confusion of change or its practices trapped in missionary models of the past In this second edition of *Missions* long time missionary Gailyn Van Rheenen revises and updates his classic text on Christian missions laying sound theological and strategic foundations for the missionary of today and tomorrow Van Rheenen helps renew the missionary vision by discussing areas such as The history of Christian mission and how it affects where we are today Spiritual formation for God's mission The missionary cycle Cross cultural communication The character and calling of missionaries Types of missionaries Church maturation Selecting mission fields The role of money in missions Four levels of involvement in missions But *Missions* is more than blackboard theory Written by a long time missionary it carries the conviction and insights of one who has lived his subject Accessible to students practitioners and laypeople alike *Missions* provides a primary go to resource for understanding and becoming involved in the dynamic activity of world missions

Missions Gailyn Van Rheenen, 2003 *Missions* biblical foundations and contemporary strategies gives answers by showing the methods and motives for successful missionary work It lays sound theological and strategic foundations for the missionary of today and tomorrow

Missional Life in Practice and Theory Christopher L. Flanders, Greg McKinzie, 2024-01-19 Few missiologists have impacted mission theory and practice among Churches of Christ as significantly as has Dr Gailyn Van Rheenen yet his global missiological influence has extended far beyond the boundaries of his denominational heritage This Festschrift in honor of Gailyn Van Rheenen contains original missiological contributions from colleagues and former students Most chapters were presentations at the inaugural Gailyn Van Rheenen Sessions in Mission and World Christianity at the 2021 Christian Scholars Conference in Nashville Tennessee The volume is organized to parallel the phases of Van Rheenen's career Africa academic missiology and Mission Alive a North American church planting organization His legacy is one that wonderfully embodies critical theory and robust practice

Engaging Millennials in Missions Anell James, 2024-08-13 The millennial members of the church have shown a lack of interest in participating in the local church's mission ministry This lack of interest has caused the missions department and the church concern because fulfilling the mission of God is the mission of the church The mission statement of the church is the focus of the ministry programs Suppose the mission department creates a missions training program designed to focus on a technological learning style in which millennials thrive Could it attract involve and engage millennials in future mission trips while educating them It is this question that the research seeks to answer Arriving at the answer is achieved by posing questions to millennials at the church via interviews and a focus group and searching books for authorial insight into their

characteristics This research will determine if conflicts within the church influenced the millennium s decision to participate The findings from this research will be instrumental in informing and assisting churches in identifying potential problems and solutions relative to a generational group within the church

Encountering Theology of Mission Craig Ott,Stephen J. Strauss,Timothy C. Tennent,A. Scott Moreau,2010-05 Leading evangelical mission experts offer a comprehensive theology of mission text providing biblical historical and contemporary perspectives

Missiological Hermeneutics Shawn B. Redford,2012-10-18 The first is a historical case considering the missional and theological hermeneutics employed when addressing African polygamy For the most part authors addressing polygamy have failed to consider God s missional response to polygamists in order to buttress their own convictions regarding African polygamy As such authors have not typically utilized a missional hermeneutic when trying to address polygamy Instead they have based their arguments on the false assumption that a given theological stance is the starting point for addressing the practice The second case study considers the role of mission praxis in an Islamic context related to missiological hermeneutics The case study demonstrates the impact of modern day mission practice especially when it correlates closely with the missionary dynamics in a given portion of Scripture

RELIGIOUS SYNCRETISM IN AFRICAN CHRISTIANITY ISAIAH OLUWAJEMIRIYE OLATOYAN,2024-04-18 Christianity among the African people whether on the soil of Africa or in diaspora is perceived and defined differently by different people For instance among African traditional religious people and Muslims Christianity is a foreign religion that must not be allowed to thrive in Africa To several Africans who profess Jesus Christianity is good but it is not adequate and effective enough to handle all human needs Still among some Western Christians and missionaries African Christianity is superficial and lacks total commitment to Christ Of course the Africans are a cultural people with profound religious inclinations Their traditional religion ATR has tremendously shaped their worldviews and socioeconomic and political activities Consequently when traditional Africans are converted to Christianity they do not break ties with their traditional religions completely The examination of relevant biblical texts on syncretism however reveals that God condemns the worship of many gods and places a curse on anyone who offers sacrifices to carved images and bows to them in worship Therefore this work investigates the root cause of religious syncretism among African people In the attempt to find answers to why the average African Christian finds it difficult if not impossible to abandon his her traditional religious belief systems completely to embrace Christianity the author concludes that unless the issues surrounding the African forgotten and secret covenants are exposed and decisively addressed in the light of biblical teaching syncretism will continue to be a stigma on the fabric of African Christianity Therefore to overcome the threats of syncretism in African Christianity there is a need to establish a sound theological and missiological framework that can address the problems associated with the African worldviews and belief systems This task must be carried out under the searchlight of Scriptures
