Midpoint Sourcebook Your Midlife Journey:

Midpoint Joe Rutland, 2015-12-21 Many accomplishments and emotions fill a person's lifetime whether they take place at home in the workplace or on the road. Success and failure have a way of calibrating life's time clock when it's off by a second or two. These experiences when gathered together form a tapestry that is special, unique, and wonderful. It also takes on more meaning during a person's 50th year alive. In *Midpoint A Sourcebook*, author Joe Rutland offers a collection of highs and lows from his own excursions while being 50 years old. He draws upon those in the moment events as well as a look back upon numerous life experiences for inspiration. Through the stories laid out in seven special sections, Rutland offers you an opportunity to take stock of your own life. His stories nudge you toward asking questions and looking within yourself. *Midpoint A Sourcebook* provides plenty of opportunities to go inside the boundaries of a story and see what you could have done differently or how you would have handled these situations.

It will help you to keep yourself fit and healthy into older age, keep your brain firing on all cylinders, improve your sleep, deal with anxiety, thrive in your career, navigate changing relationships, whether that's empty nests or aging parents, cope with illness and loss, be a healthier, more productive, creative, and happy older person. With a *Midpoint Action Plan (MAP)* at the end of each chapter, it contains all the tips and tricks, habits, and practices you need for a positive mindset, a healthy body, and a happy life. It's a must-have manual for all mid-life men and women. You can read it all the way through or you can keep it by the bed, on the shelf in the kitchen, or in the loo to dip into when you need help with something in particular. However you read it, it will be there to offer comfort, motivation, and maybe a shared experience to help you through the tougher days.
