Mighty Mito Superhero:

Mighty Mito Superhero Makenzie Lawrey, 2014-01-15 Nine year old Makenzie Lawrey is a big sister on a mission to save her little brother's life. Her quest is to raise 1 million for Mitochondrial Disease awareness. Her ultimate goal is to help find a cure. Six year old Gavin Lawrey The Mighty Mito Superhero has been through more blood work, diagnostic testing and doctor's appointments than most adults could imagine. To Gavin hospital visits and medication make up just another day in his life. There are few physicians that actively care for Mito patients and a very limited understanding of the disease. Makenzie hopes the story of her brother's fight for his life will bring about change and help other families dealing with Mito find some comfort in the pages of this book while sharing it with their family and friends. Gavin battles pain while teaching those around him lessons in love, laughter and perseverance. His Mito is superimposed with seizures, tremors, pulmonary issues among other health problems. This book written from his sister's perspective allows a small glimpse into this Mito warrior's world. He is a real superhero. **Boys' Life**, 1990-10 Boys' Life is the official youth magazine for the Boy Scouts of America. Published since 1911, it contains a proven mix of news, nature, sports, history, fiction, science, comics and Scouting.

Myths in Crisis Jose Manuel Losada, José Manuel Losada, 2015-09-04 This trilingual volume examines the extent to which myths are affected by the crises of the 20th and 21st centuries. It brings together four theoretical studies which analyse both the crisis of structure implying the distortion or disappearance of myth and the crisis of concepts and terminology that currently threaten the study of mythology. The largest section of the volume focuses on the crises that have affected ancient, medieval and modern literary myths from a global perspective, taking into account psychology, ethics, politics and contemporary meta-literature. The final section examines the crisis experienced by those myths which permeate the material world, investigating historical and fictitious characters, mythologized places and languages. The volume is a remarkable collection of 30 texts that were selected from 300 proposals by prestigious researchers from over 30 countries during the 3rd International Conference of Myth Criticism held in Madrid in October 2014. **Nintendo Power**, 2006 **PC World**, 1997
