Ministry Communications Unit Gordon Smith:

The Ministry Communications Unit Gordon Smith, 2015-12-10 After the bombing of Darwin Townsville and the submarine attack in Sydney the Australian government became concerned with the possibility of the civilian population abandoning the coastal cities of Brisbane Rockhampton and Townsville and the coastal cities of New South Wales It was obvious although the invasion of these cities by the Japanese would be remote it was decided a specialist public relations unit to create reassurance movies and newspaper articles that would be charged with showing the civilian population the defences that were in place would therefore make any intended invasion difficult if not impossible This is a story showing the development of the unit along with the romances and intrigues that developed *Lady Ruth Bromfield* Gordon

Smith, 2016-08-08 She escaped Nazi persecution as a child then grew to become an inspirational leader In 1935 Ruth was born to an unmarried Jewish mother in Germany Fearing the Nazi persecution Ruth was sent to England on the kinder transport and raised by a church of England priest Ruth was raised as a Christian Jew and her faith guided her life and enabled her to build bridges between different groups even at an early age She grew to become a giant in the largest construction company in the world where she implemented a unique social interaction system that united people from different backgrounds and beliefs Her story will raise your hopes and show how to overcome the differences we all share An inspirational look at overcoming religious and ethnic intolerance **An Australian Story** Gordon Smith, 1916-10-09 This is a story of a family and the history that happened around them This is the story of one Australian family whose history beginning in 1808 and up to 1998 The story of courage and pioneering spirit The story of hardship and loss The never ending story of love and family Two world wars and 4 soldiers lost Their heritage along with that of the world they lived in made them remarkable people Although this story is based on real people and events fiction needs to be included to fill in the gaps not recorded As indeed many names have been changed and other events needed to be deleted in respect for living family members This is a story of the history of Australia as it affected the family through the generation It is a story that commemorates the supreme sacrifices during war and hardship while at the same time giving pride at the achievements of her family and her country *Scott's Canadian Sourcebook* ,2005 **Flight** ,1950 **Political Reputation Management**

Christian Schnee, 2014-12-17 It is widely assumed that a competitive political environment of public distrust and critical media forces political parties to manage communications and reputations strategically but is this really true Comprehensive control of communications in a fast moving political and media setting is often upset by events outside the communicator's control taking over the news agenda and changing the political narrative Based on interviews with leading communicators and journalists this book explores the tensions between a planned strategic communications approach and a reactive tactical one The interviewees who over the past 15 years have been instrumental in presenting and shaping the public persona of party leaders and Prime Ministers include amongst others William Hague Ian Duncan Smith Michael Howard David Cameron

Tony Blair and Gordon Brown It draws a unique picture of how political reputations are managed and ultimately confirms the discrepancy between what political communications management is thought to be and how communications practitioners actually operate This book empirically reviews political communications practice in order to analyse to what degree reality matches the concepts of strategic communications management This will be essential reading for researchers educators and advanced students in public relations communications studies and marketing
