Military Draft Opposing Viewpoints:

Opposing Viewpoints, America's Prisons--opposing Viewpoints, 1985 Military Draft George Milite, 2006-12 The United States Armed Forces is an all volunteer military force but in times of great struggle the draft could become a revisited reality This collection of essays will promote issue awareness as well as critical thinking in your readers They will evaluate whether the draft should be reinstated how it impacts society and who should be considered for the draft Does a draft make society more charitable Will a draft revitalize the Military Do women serve as effectively as men in combat Answers to these questions and more are found in this thought provoking book *Military Manpower Policy* Army Library (U.S.), 1965

Civilian in Peace, Soldier in War United States. Department of the Army, 1967 **Annual Report** United States. Federal Communications Commission, 1967 **Bulletin of the Public Affairs Information Service** Public Affairs Information Service, 1979 **The Middle East, Oil, and the U.S. National Security Policy** Donald M. Snow, 2016-03-17 Three interrelated subject areas are at the heart of the current foreign and national security dilemma One is the Middle East which has been the epicenter of most U S policy activity for over a third of a century The second is energy policy particularly as it is affected by the development and exploitation of shale oil and gas reserves in the United States This is linked to the Middle East because it has been American dependence on Middle East petroleum that has created the interest the U S has in this region The third area is military manpower policy and two simultaneous wars in the new century have raised questions about the all volunteer force policy in place since 1972 It is increasingly evident that foreign and defense policy are strained and in need of fresh conceptualization The three areas identified are the most obvious examples of policy dysfunction The key area is the Middle East region As long as the United States remains heavily committed to this part of the world especially with military force and essentially because of its energy needs there will be strains on manpower resources that could force a reexamination of the all volunteer concept At the same time the reduction of U S dependence on Middle Eastern oil loosens the bonds that seem to impel American activism in the region The result could be true opportunities for a less confrontational adversary driven foreign and defense posture **CCCO News Notes** Central Committee for Conscientious Objectors, 1981

Flynn,1993 Individual liberty is ingrained in American culture Yet in contrast to this cherished ideal American men were inducted into military service under a system that flourished for more than twenty years before its rationalization was seriously questioned by more than a small minority of citizens Analyzing this paradox George Flynn provides the first comprehensive look at an institution that managed to sustain political and public favor through two wars before dying out under a barrage of protests during a third Placing the American draft within a historical context he shows how social and political considerations determined the character of conscription in the United States The draft developed as it did he argues not mainly because of military needs or strategy but because of political decisions initiated by civilians with nonmilitary agendas Explaining why the draft remained relatively immune to political criticism prior to the Vietnam conflict Flynn chronicles the draft s military and strategic successes and failures in America s mid century wars He shows how major institutions and lobbies representing science education and various professions and religions influenced it and how ultimately and ironically the selective character of the draft eventually made the system inequitable and helped cause its downfall BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved [Senate documents](#) ,1897 *United States Court of Appeals for the District of Columbia Circuit* United States.
