

# Goal-Setting In A Nutshell

Goal Setting involves envisaging an outcome, and working with set plans to ensure that the envisaged plans are accomplished. Goal setting is very important for every individual and business, because without set goals in place, you will seem directionless. In a game of soccer, there is a goalpost, getting the ball into this goalpost is the target of each team. Without these goalposts, then the twenty-two football players on the pitch will just keep running around, without a target, aimlessly like a headless chicken.
