Dialectic as Dialogue Taylor D. Holleyman, 2026-02-09 Dialectic as Dialogue Theology After Brunner is an examination of Emil Brunner's theological epistemology with special focus on his reception of dialogical philosophy its implications for the nature and task of theology and Brunner's contemporary significance This book helps readers better understand Brunner's theology and provides a fresh perspective on his legacy and the possibilities for his continuing influence Readers will gain insight into Brunner's most foundational developments and theological commitments In connection with Brunner Dialectic as Dialogue also helps clarify the tradition known as dialogical philosophy and its implications as a resource for Christian theology Dialectic as Dialogue is intended for those interested in the life and thought of Emil Brunner the legacy of the dialectical theology movement and the impact of Martin Buber's dialogical philosophy in Christian theology It will also appeal to readers with broader interests in modern philosophies of religion epistemology theological reasoning and constructive claims regarding the nature and task of theology

Before Auschwitz Paul R. Hinlicky, 2013-06-27 What can Christian theology in North America learn from the rise of Nazism in Germany in the 1920s and 1930s This book explores an explosion of scholarship in recent decades that has reopened questions once thought to be settled about the relationships between Nazism Liberalism and Christianity In the process of criticizing the retrospective fallacy and urging a properly hermeneutical historiography its method in historical theology causes us to reflect back upon our tacit commitments suggesting that we are closer to fascism than we are aware and that although the devil never shows its face twice in exactly the same way the particular hubris of grasping after final solutions along biopolitical lines that is the racially scientific version of fascism that was Nazism is and remains near at hand today within our horizon of possibilities unrecognized in just the ways that it was unrecognized by Germans before Auschwitz The book takes a fresh look at the theology of Adolf Hitler and finds themes that are disturbingly familiar It summons to the renewal of Christian theology after Christendom in the form of critical dogmatics where the motif of the Beloved Community replaces the fallen idol descended from Charlemagne

The Moral Vision of Proverbs Timothy J. Sandoval, 2024-04-16 Wisdom literature is an unfamiliar genre to modern readers and presents many interpretive challenges In this major new work respected wisdom scholar Timothy Sandoval argues that the book of Proverbs though difficult to access for some provides a coherent moral vision for human flourishing The approach Sandoval argues for in The Moral Vision of Proverbs is that of virtue ethics or character ethics particularly that which emerges from the classical tradition of Aristotle as opposed to reading the book intentionally or unintentionally through the lenses of modern ethical systems Sandoval engages with specialists in this ethical tradition as well as biblical scholars to make his case that Proverbs is an ancient virtue oriented moral discourse This comprehensive critical study of Proverbs analyzes the book's major topics and strives to discern the moral and philosophical presuppositions and logic of its rhetoric all the while engaging past and present interpretive approaches Although authored by a Christian scholar this text will be of great interest to a broadly

ecumenical audience whether students of the Old Testament Tanakh Hebrew Bible biblical scholars or Christian ethicists and moral theologians Beloved Community Hinlicky, Paul R.,2015-05-04 An original comprehensive system of theology especially apropos to the post Christendom North American context In this scholarly work Paul Hinlicky transcends the impasse between dogmatic and systematic theology by articulating and arguing a single cognitive claim God is the One who has determined to redeem the creation by the missions of his Son and Spirit Deploying an unusual Spirit Son Father trinitarian scheme Hinlicky treats the problem of the knowledge of God and the nature of the theological discipline and he proceeds to carefully develop his system of theology through expansive wideranging argumentation Each main part of his work includes discussion of the ecumenical convergences in doctrine gained over the last generation and exploration of interreligious dialogues especially with Judaism and Islam Throughout the book Hinlicky engages with other theologians particularly with Robert Jenson s Systematic Theology and concludes each major section with a discussion of an alternate perspective on the subject **'Dark, Depressing Riddle'** Ryan Tafilowski,2019-10-07 At the twilight of the Weimar Republic politicians scientists and theologians were engaged in debates surrounding the so called Jewish Question When the Nazi Party came to power in 1933 these discussions took on a new sense of urgency and poignancy As state measures against Jews unfolded theological conceptions of the meaning of Israel and Judaism began to impact living breathing Jewish persons In this study Ryan Tafilowski traces the thought of the Lutheran theologian Paul Althaus 1888 1966 who once greeted the rise of Hitler as a gift and miracle of God as he negotiated the Jewish Question and its meaning for his understanding of Germanness across the Weimar Republic the Nazi years and the post war period In particular the study uncovers the paradoxical categories Althaus used to interpret the ongoing theological significance of the Jewish people whom he considered both an imminent threat to German ethnic identity and yet a mysterious cipher by which Germans might decode their own spiritual destiny in world history Sketching the peculiar contours of Althaus theology of Israel this study offers a fresh interpretation of the Erlangen Opinion on the Aryan Paragraph which is an important artifact not only of the Kirchenkampf but also of the complex and ambivalent history of Christian antisemitism By bringing Althaus into conversation with some of the most influential theologians of the twentieth century from Karl Barth and Emil Brunner to Rudolf Bultmann and Dietrich Bonhoeffer Tafilowski broadens the scope of his inquiry to vital questions of political theology ethnic identity social ethics and ecclesiology As Christian theologians must once again reckon with questions of national self understanding under the pressures of mass migration and resurgent nationalisms this investigation into the logic of ethno nationalist theologies is a timely contribution □□□□□□□□,1975 *National Union Catalog* ,1956 Includes entries for maps and atlases **Bibliographie der Staats-und Wirtschaftswissenschaften** ,1994 Principles of European Constitutional Law Armin von Bogdandy,Jürgen Bast,2009-12-03 For the time being the political project of basing the European Union on a document entitled Constitution has failed The second revised and enlarged edition of this volume retains its title nonetheless

Building on a scholarly rather than black letter law account it shows European constitutional law as it looks following the Treaty of Lisbon with the EU's foundational treaties mandating the exercise of public authority establishing a hierarchy of norms and legitimising legal acts providing for citizenship and granting fundamental rights. In this way the treaties shape the relations between legal orders between public interest regulation and market economy and between law and politics. The contributions demonstrate in detail how a constitutional approach furthers understanding of the core issues of EU law how it offers theoretical and doctrinal insights and how it adds critical perspective. From Reviews of the First Edition should be mandatory reading for anyone who wants to get a holistic perspective of the academic debate on Europe's constitutional foundations. It is impossible to present the richness of thought contained in the 833 pages of the book in a short review. Common Market Law Review an enduring scholarly work which gives an English speaking audience important and overdue access to the long standing and forever vigorous traditions of European constitutional law unhesitatingly recommended European Law Journal real scholarship in the profound sense of the word K Lenaerts Professor of European Law Leuven
