## **Orhan Pamuk Secularism And Blasphemy The Politics Of The Turkish Novel:**

*Orhan Pamuk, Secularism and Blasphemy* Erdağ M. Göknar, 2013 *Orhan Pamuk Secularism and Blasphemy* is the first critical study of all of Pamuk's novels including the early untranslated work. In 2005 Orhan Pamuk was charged with insulting Turkishness under Article 301 of the Turkish penal code. Eighteen months later he was awarded the Nobel Prize. After decades of criticism for wielding a depoliticized pen, Pamuk was cast as a dissident through his trial, an event that underscored his transformation from national literateur to global author. By contextualizing Pamuk's fiction into the Turkish tradition and by defining the literary and political intersections of his work, *Orhan Pamuk Secularism and Blasphemy* rereads Pamuk's dissidence as a factor of the form of his novels. This is not a traditional study of literature but a book that turns to literature to ask larger questions about recent transformations in Turkish history, identity, modernity, and collective memory. As a corrective to common misreadings of Pamuk's work in its international reception, *Orhan Pamuk Secularism and Blasphemy* applies various analytical lenses to the politics of the Turkish novel, including gender studies, cultural translation, historiography, and Islam. The book argues that modern literature that confronts representations of the nation-state or *devlet* with those of Ottoman, Islamic, and Sufi contexts or *din* constitute secular blasphemies that redefine the politics of the Turkish novel. Concluding with a meditation on conditions of untranslatability in Turkish literature, this study provides a comprehensive and critical analysis of Pamuk's novels to date.

*Orhan Pamuk and the Good of World Literature* Gloria Fisk, 2018-02-13 When Orhan Pamuk won the Nobel Prize for Literature in 2006, he was honored as a builder of bridges across a dangerous chasm. By rendering his Turkish characters and settings familiar where they would otherwise seem troublingly foreign, and by speaking freely against his authoritarian state, he demonstrated a variety of literary greatness that testified also to the good literature can do in the world. Gloria Fisk challenges this standard for canonization as world literature by showing how poorly it applies to Pamuk. Reading the Turkish novelist as a case study in the ways Western readers expand their reach, Fisk traces the terms of his engagement with a literary market dominated by the tastes of its Anglophone publics who received him as a balm for their anxieties about Islamic terrorism and the stratifications of global capitalism. Fisk reads Pamuk's post-9/11 novels as they circulated through this audience as rich in cultural capital as it is far flung in the American English that is global capital's lingua franca. She launches a polemic against Anglophone readers' instrumental use of literature as a source of crosscultural understanding, contending that this pervasive way of reading across all manner of borders limits the globality it announces because it serves the interests of the Western cultural and educational institutions that produce it. *Orhan Pamuk and the Good of World Literature* proposes a new way to think about the uneven processes of translation, circulation, and judgment that carry contemporary literature to its readers wherever they live.

*Twenty-Five Women Who Shaped the Ottoman Empire* Ruth Miller, 2025-03-26 *Twenty-Five Women Who Shaped the Ottoman Empire* is a tale of how women's triumphs as well as their failures shaped a global society, not despite but because

of gender The Ottoman Empire was among the longest lived polities in history stretching between the thirteenth and twentieth centuries across three continents several seas and scores of cities deserts mountain ranges rivers and forests This volume provides a compendium of idiosyncratic life stories and explores how women from these eras and regions understood the shape of the world in which they lived and how they brought their consciousness of their gender to their efforts to re shape it Among the questions explored in the book are how women have negotiated and constructed the public and private spheres how to define women s speech in a world mediated by men and male dominated genres and institutions and how women experienced their bodies as sites of politically inflected reproduction death and decay The book is thus an accessibly offbeat feminist overview of the field of Ottoman History that provides students scholars general readers and non specialists with insights into the lives and work of both ordinary Ottoman women and celebrated Ottoman women women who failed despite their best efforts and women who succeeded against all odds suicides spies and murderers as well as queens scientists and poets
