## WHICH IS CHEAPER (AND BY HOW MUCH) IN EVERY STATE?

Ride-hailing apps have revolutionized the way we get around, and according to Statista, only two such companies make up the American market in 2022: Uber and Lyft. But which of these ride-share titans offers the better rate?

We calculated the average fare for a trip in every U.S. state and discovered that Uber is cheaper than Lyft in the majority (33) of states. Wisconsin sees the biggest difference: Uber is **\$4.71** cheaper than Lyft.

[The Anglosaxon Poets on the Judgment Day ...](#) Robert Waller Deering,1890 [Digital Work Platforms at the Interface of Labour Law](#) Eva Kocher,2022-03-10 This open access book shows how to design labour rights to effectively protect digital platform workers organise accountability on digital work platforms and guarantee workers collective representation and action It acknowledges that digital work platforms entail enormous risks for workers and at the same time it reveals the extent to which labour law is in need of reconstruction The book focusses on the conceptual links often overlooked in the past between labour law s categories and its regulatory approaches By explaining and analysing the wealth of approaches that deconstruct and reconceptualise labour law the book uncovers the organisational ideas that permeate labour law s categories as well as its policy approaches in a variety of jurisdictions These ideas reveal a lack of fit between labour law s traditional concepts and digital platform work digital work platforms rarely behave like hierarchical organisations instead they more often function as market organisers The book provides a fresh perspective for international academic and policy debates on

the regulation of digital work platforms as well as on the purposes and foundations of labour law It offers a way out of the impasse the debate around labour law classification has reached by showing what labour law could learn from digital law approaches to platforms and vice versa The ebook editions of this book are available open access under a CC BY NC ND 4 0 licence on [bloomsburycollections.com](http://bloomsburycollections.com)
