From the Author I just updated the book to include Villager and Pillager updates as they affect survival gameplay strategies and as of May 2019 I am working on ways of using the new features to our advantage on the various realms that I play on in advanced gameplay. I'm currently in and out of live streams so that you can see the experiments complete with successes and failures as I go through them. You will be as up to date as I am with them. At the moment my favourite change is the nitwit. A nitwit villager always goes to bed late, wakes up late and is therefore unable to ever learn anything. Mojang is bringing life lessons to Minecraft.
