

COMPREHENSION

Read the passage carefully and answer the questions that follow.

The Amazing Woodpecker

The woodpecker is an interesting and amazing bird. It has a strong, pointed beak that acts as a hammer to remove bark from trees and find insects to eat. It has a very long tongue, up to four inches long, that is sticky on the tip for catching insects. Woodpeckers can be found all over the world, except in Australia.

The life span of a woodpecker is 4 to 11 years. Their favourite foods are insects, fruits, acorns and nuts. These awesome birds live in forests and wooded areas with lots of trees.

1) Why is the woodpecker tongue sticky?

2) What is the lifespan of the woodpecker?
