## Google Maps Vs Returns:

Beginning Google Maps Applications with PHP and Ajax Jeffrey Sambells,Michael Purvis,Cameron Turner,2007-12-22 Until recently building interactive web based mapping applications has been a cumbersome affair This changed when Google released its powerful Maps API Beginning Google Maps Applications with PHP and Ajax was written to help you take advantage of this technology in your own endeavorswhether you re an enthusiast playing for fun or a professional building for profit This book covers version 2 of the API including Google s new Geocoding service Authors Jeffrey Sambells Cameron Turner and Michael Purvis get rolling with examples that require hardly any code at all but you ll quickly become acquainted with many facets of the Maps API They demonstrate powerful methods for simultaneously plotting large data sets creating your own map overlays and harvesting and geocoding sets of addresses You ll see how to set up alternative tile sets and where to access imagery to use for them The authors even show you how to build your own geocoder from scratch for those high volume batch jobs As well as providing hands on examples of real mapping projects this book supplies a complete reference for the Maps API along with the relevant aspects of JavaScript CSS PHP and SQL Visit the authors website for additional tips and advice Professional Ajax Nicholas C. Zakas,Jeremy McPeak,Joe Fawcett,2011-08-15 Professional Ajax 2nd Edition provides a developer level tutorial of Ajax techniques patterns and use cases The book begins by exploring the roots of Ajax covering how the evolution of the web and new technologies directly led to the development of Ajax techniques A detailed discussion of how frames JavaScript cookies XML and XMLHttpRequests XHR related to Ajax is included After this introduction the book moves on to cover the implementation of specific Ajax techniques Request brokers such as hidden frames dynamic iframes and XHR are compared and contrasted explaining when one method should be used over another To make this discussion clearer a brief overview of HTTP requests and responses is included Once a basic understanding of the various request types is discussed the book moves on to provide in depth examples of how and when to use Ajax in a web site or web application Different data transmission formats including plain text HTML XML and JSON are discussed for their advantages and disadvantages Also included is a discussion on web services and how they may be used to perform Ajax techniques Next more complex topics are covered A chapter introducing a request management framework explores how to manage all of the requests inside of an Ajax application Ajax debugging techniques are also discussed Professional Ajax 2nd edition is written for Web application developers looking to enhance the usability of their web sites and web applications and intermediate JavaScript developers looking to further understand the language Readers should have familiarity with XML XSLT Web Services PHP or C HTML CSS Professional Ajax 2nd edition adds nearly 200 pages of new and expanded coverage compared to the first edition **Beginning Spatial with SQL Server 2008** Alastair Aitchison,2009-02-21 Microsoft SQL Server 2008 introduces new geography and geometry spatial datatypes that enable the storage of structured data describing the shape and position of objects in space This is an interesting and exciting new feature with many potentially useful

applications Beginning Spatial with SQL Server 2008 covers everything you need to know to begin using these new spatial datatypes and explains how to apply them in practical situations involving the spatial relationships of people places and things on the earth All of the spatial concepts introduced are explained from the ground up so you need not have any previous knowledge of working with spatial data Every section is illustrated with code examples that you can use directly in SQL Server All of the topics covered in this book apply to all versions of SQL Server 2008 including the freely available SQL Server 2008 Express *Producing Palestine* Dina Matar,Helga Tawil-Souri,2024-10-31 Palestine has often been defined and constructed in the global imaginary through conflict resistance oppression and violence Its representation is so overridden with conflicting claims and associations that it remains inaccessible even to Palestinians Producing Palestine addresses the creative labour of producing Palestine particularly in technological and media spaces that are defined by their porousness and by their intermediality crossing genres of popular culture and disciplinary boundaries It offers sixteen cases which collectively conceptualize engage in and invite readers to participate in the production of Palestine and its theorization These cases cover a wide array of spaces of production such as poster art TikTok virtual technologies digital mapping drone footage online cooking shows documentaries music videos and many more Producing Palestine contends that representations of Palestine carry a multitude of meanings that Palestine is continually produced and reproduced dynamically generating new knowledge production across media languages temporalities geographies and disciplines *Photoshop Elements 11 Top 100 Simplified Tips and Tricks* Rob Sheppard,2012-10-30 If you understand the basics of Photoshop Elements and are eager to try out some unique tips and techniques then you ll love this collection of 100 must know tips and tricks *Narrative and Critical History of America* Justin Winsor,1886 **ACM Transactions on Programming Languages and Systems**
