Migration Refugee Policy And State Building In Postcommunist Europe:

Migration, Refugee Policy, and State Building in Postcommunist Europe Oxana Shevel, 2014-05-14 Why do similar postcommunist states respond differently to refugees with some being more receptive than others Why do some states privilege certain refugee groups while other states do not This book presents a theory to account for this puzzle and it centers on the role of the politics of nation building and of the office of the UN High Commissioner for Refugees UNHCR A key finding of the book is that when the boundaries of a nation are contested and thus there is no consensus on which group should receive preferential treatment in state policies a political space for a receptive and nondiscriminatory refugee policy opens up The book speaks to the broader questions of how nationalism matters after communism and under what conditions and through what mechanisms international actors can influence domestic policies The analysis is based on extensive primary research the author conducted in four languages in the Czech Republic Poland Russia and Ukraine Migration, Refugee

Labanca, 2014-04-16 Migration is now regarded as a security issue both in public debate and government policies In turn the phenomenon of detention as a governance practice has emerged and the developing presence of camps in Europe for migrants has given rise to a tangle of new and complex issues This book examines the phenomenon of irregular immigration and provides a comprehensive picture of the practices and the implications of detention of migrants within and the European Union It analyses detention as a tool of governance and in doing so explores several key themes the security threat for Europe the security governance processes enacted to handle irregular immigration the forms of detention in different geographical contexts the effectiveness of the EU s approach to the issue The EU Migration and the Politics of Administrative Detention will be of interest to students and scholars of the EU s external relations migration human rights European politics and security studies **The Routledge History of East Central Europe Since 1700** Irina Livezeanu, Arpad von

Klimo, 2017-03-16 Covers territory from Russia in the east to Germany and Austria in the west exploring the origins and evolution of modernity in this region Provided by the publisher *Twenty Years After Communism* Michael H. Bernhard, Jan

Kubik,2014 While the fall of the Berlin Wall is positively commemorated in the West the intervening years have shown that the former Soviet Bloc has a more complicated view of its legacy In post communist Eastern Europe the way people remember state socialism is closely intertwined with the manner in which they envision historical justice Twenty Years After Communism is concerned with the explosion of a politics of memory triggered by the fall of state socialism in Eastern Europe and it takes a comparative look at the ways that communism and its demise have been commemorated or not commemorated by major political actors across the region The book is built on three premises The first is that political actors always strive to come to terms with the history of their communities in order to generate a sense of order in their personal and collective lives Second new leaders sometimes find it advantageous to mete out justice on the politicians of abolished regimes and whether and how they do so depends heavily on their interpretation and assessment of the collective past Finally remembering the past particularly collectively is always a political process thus the politics of memory and commemoration needs to be studied as an integral part of the establishment of new collective identities and new principles of political legitimacy Each chapter takes a detailed look at the commemorative ceremony of a different country of the former Soviet Bloc Collectively the book looks at patterns of extrication from state socialism patterns of ethnic and class conflict the strategies of communist successor parties and the cultural traditions of a given country that influence the way official collective memory is constructed Twenty Years After Communism develops a new analytical and explanatory framework that helps readers to understand the utility of historical memory as an important and understudied part of democratization

Struggles for Belonging Dieter Gosewinkel,2021 This book recounts the history of citizenship in 20th century Europe focussing on six countries Great Britain France Germany Czechoslovakia Poland and Russia It is the history of a central legal institution that significantly represents and at the same time determines struggles over migration integration and belonging

Russian Citizenship Eric Lohr,2012-10-31 In the first book to trace the Russian state s citizenship policy throughout its history Lohr argues that to understand the citizenship dilemmas Russia faces today we must return to the less xenophobic and isolationist pre Stalin period before the drive toward autarky after 1914 eventually sealed the state off from Europe
