**Get Big Things Done** Erica Dhawan, Saj-nicole Joni, 2015-02-24 Connectional Intelligence unlocks the 21st century secret to getting big things done regardless of who you are where you live or what you do We typically associate success and leadership with smarts passion and luck But in today's hypercompetitive world even those gifts aren't enough Get Big Things Done argues that the game changer is a thoroughly modern skill called Connectional Intelligence Virtually anyone can maximize his or her potential and achieve breakthrough performance by developing this crucial ability So what is it Put simply Connectional Intelligence is the ability to combine knowledge ambition and human capital forging connections on a global scale that create unprecedented value and meaning As radical a concept as Emotional Intelligence was in the 90s Connectional Intelligence is changing everything from business and sports to academics health and politics by quickly efficiently and creatively helping people enlist supporters drive innovation develop strategies and implement solutions to big problems Can a small town pumpkin grower affect the global food crisis A Fortune 500 executive change her company's outdated culture through video storytelling A hip hop artist launch an international happiness movement Or a scientist use virtual reality games to lower pain for burn victims The answer you'll read is a resounding yes Each of these individuals is using Connectional Intelligence to become a power player to get big things done Erica Dhawan and Saj-nicole Joni's Get Big Things Done unlocks the secrets of how the world's movers and shakers use Connectional Intelligence to achieve their personal and professional goals no matter how ambitious

**Lessons from a Sustainability Education Program** Amy Jean Wefel, 2003 *Changing the Game* Eric G. Flamholtz, Yvonne Randle, 1998-10-01 How do companies like Microsoft and Wal-Mart rise to the top of their industries and dominate year after year while others like People Express and LA Gear burn out after promising starts In *Changing the Game* Eric Flamholtz and Yvonne Randle two leading management consultants reveal that the key to success lies in how you transform your organization Virtually all organizations face critical transition points in their life cycle when they must change how they play the game or perish Flamholtz and Randle focus here on three critical moments the move from entrepreneurial to professional management when a firm reaches a stage of growth where it can no longer operate in an informal unstructured way the revitalization of an established business that is losing ground to competitors and a radical change in a business vision The authors show for instance how American Century Investors made the transformation from a 50 million entrepreneurship to a professionally managed company with a market value of 2 billion how IBM one of the great American corporations was forced by the proliferation of PCs in the 1980s to overhaul its business to survive and how Starbucks Coffee originally a Seattle coffee bean store was inspired by Milan's romantic coffee bars to recreate itself and transformed an entire industry The book concludes with a look at how one company Bell-Carter Olive Company pulled together all the concepts and tools presented in the book and successfully changed the game *Changing the Game* provides a comprehensive framework and a set of tools for the strategic management of organizational transformation
