Weight Loss Plan Today:

The 90/10 Weight-Loss Plan Joy Bauer, 2015-04-28 In just two weeks you'll lose weight, be healthier, and you can still eat your favorite chips, cookies, and ice cream. The reason so many diets fail for so many people is that they force the dieter to cut out the foods they love and crave. With The 90/10 Weight Loss Plan, dieters learn to balance their food intake by eating 90% healthy, nutritious food with 10% Fun Food, whatever they want, whenever they want. Nutritionist Joy Bauer has created a phenomenon that has taken the nation by storm: a diet that is healthy and easy to follow. And since dieters don't feel deprived of their favorite foods, The 90/10 Weight Loss Plan is a program they can stay on. The innovative plan offers three different caloric levels based on one's weight loss goal, 42 meals for each level, including breakfasts, lunches, dinners, and snacks. Meals that provide the most nutrition possible while reducing saturated fat and cholesterol intake. Meals that help reduce the risk of heart disease and cancer. Menus that are designed to include food the dieter will love. The 12-Minute Weight-Loss Plan

Michael Spira, 2015-01-08 The 12 Minute Weight Loss Plan takes High Intensity Interval Training (HIIT) and combines it with a straightforward, easy-to-stick-to eating plan that shows readers how it is possible to lose weight with a minimum of effort, no special equipment, not even a gym membership, and with just 12 minutes of exercise a week. Sounds too good to be true. It works, and it is supported with the latest cutting-edge scientific research. No counting calories, no wholesale avoidance of carbs, no fasting. It's genuinely easy to stick to. Contents include: Why lengthy exercise routines aren't as effective as HIIT. The remarkable story behind HIIT. A simple HIIT programme to be followed three times a week. A dietary plan including a two-week orientation phase followed by a continuation phase. The essence of the eating plan: smart carbs, smart fats, smart proteins. Menus and lots of quick and tasty recipes. A review of the scientific research supporting the exercise programme. HIIT has been building slowly over the past few years, with gym instructors and personal trainers quickly seeing the benefits for their clients. It is now coming into the mainstream. This new book is the first to promote HIIT for weight loss, combining an eating plan with exercises from an authority in the obesity field. This is weight loss and weight maintenance made easy.
