Bond, 2016-11-11 Gerald Bond explores the rise of a new secular identity that took place in French elite culture at the turn of the twelfth century While the period is widely recognized as pivotal and much revisionary work has been done on it Bond notes that in order to see the changes in the conception of the private secular self the focus must be shifted away from epics and saints lives the traditional targets of literary inquiry to lyric letters and marginal texts and images Such texts and images can be found at regional courts reasonably independent of the weak and limited monarchy and at schools far removed from the traditional Christian curriculum where a new and distinctly secular group contested inherited values of class gender and person and created distinct patterns and codes of dress behavior talk and pleasure Translating and using sources that for the most part have never been explored Bond examines the Bayeux Tapestry and such figures as Marbod of Rennes Baudri of Bourgueil William of Poitiers and Adela of Blois to frame a complex view of the contested reconception of the secular self and its value *The Preacher's Demons* Franco Mormando, 1999-05 When the city was filled with these bonfires he then combed the city and whenever he received notice of some public sodomite he had him immediately seized and thrown into the nearest bonfire at hand and had him burned immediately This story of an anonymous individual who sought to cleanse medieval Paris was part of a sermon delivered in Siena Italy in 1427 The speaker the friar Bernardino 1380 1444 was one of the most important public figures of the time and he spent forty years combing the towns of Italy instructing admonishing and entertaining the crowds that gathered in prodigious numbers to hear his sermons His story of the Parisian vigilante was a recommendation Sexual deviants were the objects of relentless unconditional persecution in Bernardino's sermons Other targets of the preacher's venom were witches Jews and heretics Mormando takes us into the social underworld of early Renaissance Italy to discover how one enormously influential figure helped to dramatically increase fear hatred and intolerance for those on society's margins This book is the first on Bernardino to appear in thirty five years and the first ever to consider the preacher's inflammatory role in Renaissance social issues **A Cultural History of Sexuality in the Middle Ages** Julie Peakman, Mark Golden, Ruth Evans, Peter Toohey, Bette Talvacchia, Chiara Beccalossi, Ivan Crozier, Gert Hekma, 2014-03-13 Historians of sexuality have often assumed that medieval people were less interested in sex than we are But people in the Middle Ages wrote a great deal about sex in confessors manuals in virginity treatises and in literary texts This volume looks afresh at the cultural meanings that sex had throughout the period presenting new evidence and offering new interpretations of known material Acknowledging that many of the categories that we use today to talk about sexuality are inadequate for understanding sex in premodern times the volume draws on important recent work in the historiography of medieval sexuality to address the conceptual and methodological challenges the period presents A Cultural History of

Williams,1994 Aelred of Rievaulx s Spiritual Friendship is one of the most important treatises on friendship to emerge from the middle ages Working within a tradition that dates back to Cicero and other classical authors Aelred ca 1110-67 discusses friendship from the perspective of Christian theology Although he succeeds in advancing beyond Cicero s pagan concept of friendship to a thoroughly Christian formulation of the idea this treatise is no dry theological text Born of its author s lifelong search for

permanence and depth in his relationships with others Aelred's essay also deals with many of the practical issues of friendship how friendships begin how they are nurtured how preserved the dangers to which friendships sometimes fall prey Aelred is especially insistent on the necessity of strong spiritual friendships between individuals within the general context of universal Christian love Aelred sketches out the sorts of relationships that people often substitute for friendship but that usually leave us unfulfilled shallow relationships founded on mutual interest or gain agreement in vices the very human longing for acceptance from almost any quarter But he also gives of himself frankly sharing his own hopes desires and failures in friendships that date back to his earlier life Much of this work's charm comes from Aelred's casting it as a dialogue in three books between himself and three of his fellow monks who seek his advice its rigor lies in Aelred's attempt to blend the best of ancient pagan writing on friendship with the demanding spiritual discipline commonly associated with his Cistercian order There is however yet another element that makes Aelred's *Spiritual Friendship* compelling to contemporary readers the question of the author's sexual orientation Many scholars in the last ten years have speculated that Aelred's emphasis on intense individual friendships was predicated on a homosexual orientation These scholars reinforce their case by referring to some of the autobiographical references that are characteristic of Aelred's writing in the *Spiritual Friendship* and in many of his other treatises This translation addresses this difficult question in an appendix that surveys the evidence from all Aelred's major writings In addition this translation includes an introductory essay that surveys Aelred's life and works as well as earlier traditions of writing on friendship both pagan and Christian This is also the first translation of the *Spiritual Friendship* that is based entirely on the most modern critical edition of the Latin text that of Dom Anselm Hoste Turnhout Brepols 1971 BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
