Andrews, 2017-02-09 THIRTEEN REASONS WHY YOU SHOULD KEEP LIVING Edward D. Andrews, Heather

Freeman, 2017-07-04 *The Elusive God* Yakir Z. Shoshani, Asher Z. Yahalom, 2019-10-18 What meanings can be ascribed to the existence of God This question has been investigated by prominent thinkers throughout the ages and led several of them to suggest arguments for proving this existence and explaining its meaning The first part of this book reviews some of these proofs and their criticism Following this discussion it suggests a new meaning and characterization of God as a connector between different types of entities This idea sheds new light on several interesting problems including the emergence of plurality in reality from the unity of God The second section deals with God and the human mind and focuses mainly on the mind body bifurcation problem the problem of free will and the existence of consciousness and soul The third part discusses several problems associated with God and the world Special emphasis is laid here upon God and the laws of nature the creation of the universe and the impact of modern Physics on the belief in God s existence *The Eucharist in Modern Philosophy* Xavier Tilliette, 2022-12-27 The Eucharist in Modern Philosophy is one of the last books written by the renowned Jesuit philosopher Xavier Tilliette 1921 2018 and the first to be translated into English Jonathan Martin Ciraulo the translator also provides an introduction to the thought of Tilliette and the content of this book while Cyril O Regan provides the foreword noting the particular intellectual characteristics of Tilliette and his analysis of eucharistic philosophies In addition to being known as one of the foremost experts on the German Idealist Friedrich Schelling Tilliette wrote voluminously on the relationship between modern philosophy and theology particularly concerning the way in which Christology is central to the development of modern philosophy In this volume he extends that project to look at how various philosophers such as Descartes Leibniz Hegel Blondel and Marion as well as poets and mystics such as de Chardin Simone Weil and Paul Claudel thought extensively about the question of the Eucharist The result is an enormous diversity of Eucharistic thought from Descartes attempt to justify transubstantiation in light of his philosophical revolution to Feuerbach s supposed exposure of the contradiction inherent to sacramentality to Antonio Rosmini s eucharistic piety and speculation to Maurice Blondel s recovery and expansion of Leibniz s notion of the substantial bond Tilliette shows that this philosophical conversation about the Eucharist is a living tradition as the aporias and failures of one generation provide stimulus for all that follows Much of

the work is largely historical showing in great detail the context of each particular eucharistic philosophy but Tilliette also evaluates the relative fruitfulness of the various eucharistic theories for philosophy theology and the life of the Church This book demonstrates that the Eucharist has been and will likely continue to be a major impetus for philosophical reflection

Spinoza's Political Philosophy Riccardo Caporali, 2021-10-05 Riccardo Caporali examines all of Spinoza's works while addressing the challenges imposed by the historical circumstances at the time Spinoza's work and its author the philosopher and the man go hand in hand Focusing on Spinoza's constant preoccupation with the relationship between metaphysics and politics Caporali shows that it takes different forms in his various major works He highlights specific moments of this discontinuity particularly in the transition between the *Tractatus Theologico Politicus* and the *Tractatus Politicus* And he weaves in comparisons and references to Machiavelli Descartes Hobbes Locke Vico and Hegel and to many contemporary interpretations of Spinoza's thought

Speculative Affect Charmaine Eddy, 2025-03-10 *Speculative Affect Objects and Emotions* is an edited collection examining the intersection between affect and objects in the fields of literature cultural theory and cultural production The word speculative in the title references recent philosophical and cultural work in the speculative turn a philosophical field that includes speculative realism new materialisms thing theory or object oriented ontology where the object is analyzed apart from human consciousness and human use value By linking this return to an ontological object realism beyond human consciousness with affect theory's reimagining of corporeality by exploring attachments bodily sensations autonomic responses and emotions as embodied forces beyond conscious knowing this work addresses the last frontier in radically reconfiguring the status of human life the division and hierarchy between so called inert material and the apparent superiority of humanity

Burdon,2014-09-19 The idea of human dominion over nature has become entrenched by the dominant rights based interpretation of private property Accordingly nature is not attributed any inherent value and becomes merely the matter of a human property relationship *Earth Jurisprudence Private Property and the Environment* explores how an alternative conception of property might be instead grounded in the ecocentric concept of an Earth community Recognising that human beings are deeply interconnected with and dependent on nature this concept is proposed as a standard and measure for human law This book argues that the anthropocentric institution of private property needs to be reconceived drawing on international case law indigenous views of property and the land use practices of agrarian communities Peter Burdon considers how private property can be reformulated in a way that fosters duties towards nature Using the theory of earth jurisprudence as a guide he outlines an alternative ecocentric description of private property as a relationship between and among members of the Earth community This book will appeal to those researching in law justice and ecology as well as anyone pursuing an interest more particularly in earth jurisprudence **The Philosopher's Index** ,2007 Vols for 1969 include a section of abstracts **The Philosophical Review** ,1996 *Proceedings and Addresses of the American Philosophical Association* American Philosophical Association,2007 List of members in v 1 **Subject Guide to Books in Print** ,1993 *Archetypes of Wisdom* Douglas J.
