*The Metaphysics of Free Will*

TIMOTHY O'CONNOR

# Persons And Causes The Metaphysics Of Free Will

**Hussin A.Rothana**

## **Persons And Causes The Metaphysics Of Free Will:**

**Persons and Causes** Timothy O'Connor, 2000 *Persons and Causes* makes a significant contribution to the literature on free will and places the issue squarely into the context of contemporary work in metaphysics and the philosophy of mind as well as in action theory It will interest specialists in each of these areas and will serve as an excellent text for advanced courses on free will **BOOK JACKET** *Christian Apologetics and Philosophy* Paul Herrick, 2024-10-01 A highly readable

introduction to Christian apologetics that joins contemporary analytic philosophy with modern biblical scholarship In this book Paul Herrick presents the basics of classical Christian apologetics in the form of an inference to the best explanation argument that builds from the book's first chapter to its last Drawing on contemporary philosophy logic and biblical scholarship Herrick incorporates thoughts from Socrates Plato Thomas Aquinas and C S Lewis as well as scholars such as William Lane Craig J P Moreland Richard Swinburne and Craig Blomberg to present a multifaceted argument for the Christian faith With sections on the Socratic method the Christian examination of conscience the Big Bang miracles the historical reliability of the New Testament the resurrection of Christ and more this book promises to be useful intellectually and spiritually for seekers doubters and those already in the faith **Moral Responsibility and Alternative Possibilities**

David Widerker, Michael McKenna, 2006 This book explores an important issue within the free will debate the relation between free will and moral responsibility In his seminal article *Alternate Possibilities and Moral Responsibility* Harry Frankfurt launched a vigorous attack on the standard conception of that relation questioning the claim that a person is morally responsible for what she has done only if she could have done otherwise Since then Frankfurt's thesis has been at the center of philosophical discussions on free will and moral responsibility *Moral Responsibility and Alternative Possibilities* edited by David Widerker and Michael McKenna draws together the most recent work on Frankfurt's thesis by leading theorists in the area of free will and responsibility As the majority of the essays appear here for the first time *Moral*

*Responsibility and Alternative Possibilities* offers the newest developments in this important debate **My Way** John Martin Fischer, 2006-03-02 This is a selection of essays on moral responsibility that represent the major components of John Martin Fischer's overall approach to freedom of the will and moral responsibility The collection exhibits the overall structure of Fischer's view and shows how the various elements fit together to form a comprehensive framework for analyzing free will and moral responsibility The topics include deliberation and practical reasoning freedom of the will freedom of action various notions of control and moral accountability The essays seek to provide a foundation for our practices of holding each other and ourselves morally and legally accountable for our behavior A crucial move is the distinction between two kinds of control According to Fischer regulative control involves freedom to choose and do otherwise alternative possibilities whereas guidance control does not Fischer contends that guidance control is all the freedom we need to be morally responsible agents Further he contends that such control is fully compatible with causal determinism Additionally Fischer argues that we do not

need genuine access to alternative possibilities in order for there to be a legitimate point to practical reasoning Fischer's overall framework contains an argument for the contention that guidance control and not regulative control is associated with moral responsibility a sketch of a comprehensive theory of moral responsibility that ties together responsibility for actions omissions consequences and character and an account of the value of moral responsibility On this account the value of exhibiting freedom of the relevant sort and thus being morally responsible for one's behavior is a species of the value of artistic self expression

*Does Consciousness Cause Behavior?* Susan Pockett, William P. Banks, Shaun Gallagher, 2009

Continuing the debate over whether consciousness causes behaviour or plays no functional role in it leading scholars discuss the question in terms of neuroscience philosophy law and public policy

*The Southern Journal of Philosophy*, 2007

*New Waves in Philosophy of Action* J. Aguilar, Andrei A. Buckareff, Keith Frankish, 2010-10-29 Keith Frankish is Senior Lecturer in Philosophy at The Open University UK Book Jacket

*Buffalo Criminal Law Review*, 2004 The Buffalo Criminal Law Review is a peer reviewed journal published by the Buffalo Criminal Law Center at the State University of New York at Buffalo School of Law The Review pursues two interrelated objectives to integrate the study of criminal law by serving as an interdisciplinary and international forum for innovative scholarship on crime and punishment and to bridge the gap between criminal law scholarship and criminal justice policy by providing legislators judges and other criminal justice professionals with in depth analyses of topical issues in criminal law

**New Essays on the Explanation of Action** Constantine Sandis, 2009-01-15 These previously unpublished essays present the newest developments in the thought of philosophers working on action and its explanation focusing on a wide range of interlocking issues relating to agency deliberation motivation mental causation teleology interpretive explanation and the ontology of actions and their reasons

*Encyclopedia of Religion*, 2005

**Making Sense of Your Freedom** James W. Felt, 2005 James W Felt S J invites his audience to consider that we are responsible for what we do precisely because we do it freely In the course of his analysis Felt considers determinism compatibilism agency and the problem of evil

*Encyclopedia of Business Ethics and Society* Robert W. Kolb, 2007-10-19 The five volumes of this ultimate resource recognize the inherent unity between business ethics and business and society that stems from their shared primary concern with value in commerce This Encyclopedia spans the relationships among business ethics and society by including more than 800 entries that feature broad coverage of corporate social responsibility the obligation of companies to various stakeholder groups the contribution of business to society and culture and the relationship between organizations and the quality of the environment

*Social Theory and Practice*, 2010

**Free Will** Laura Ekstrom, 2018-03-05 In this comprehensive new study of human free agency Laura Waddell Ekstrom critically surveys contemporary philosophical literature and provides a novel account of the conditions for free action Ekstrom argues that incompatibilism concerning free will and causal determinism is true and thus the right account of the nature of free action must be indeterminist in nature She examines a variety of libertarian approaches ultimately defending

an account relying on indeterministic causation among events and appealing to agent causation only in a reducible sense. Written in an engaging style and incorporating recent scholarship, this study is critical reading for scholars and students interested in the topics of motivation, causation, responsibility, and freedom. In broadly covering the important positions of others along with its exposition of the author's own view, *Free Will* provides both a significant scholarly contribution and a valuable text for courses in metaphysics and action theory.

**Contemporary Debates in Philosophy of Mind** Brian P. McLaughlin, Jonathan Cohen, 2007-10. Showcasing leading contributors to the field debating major questions in philosophy of mind, this book contains essays that present substantially opposed perspectives on topics including narrow content, externalism, and privileged access, normativity, mental causation, consciousness, qualia, and emergentism. *Resumé de l'auteur*.

The Philosophical Review Jacob Gould Schurman, James Edwin Creighton, Frank Thilly, Gustavus Watts Cunningham, 2009. An international journal of general philosophy. *Auslegung*, 2003. **Philosophy of Mind, Volume 21** John Hawthorne, 2007. Philosophical Perspectives, an annual, aims to publish original essays by foremost thinkers in their fields, with each volume confined to a main area of philosophical research. □□□□□□, 2004. *Encyclopedia of Philosophy* Donald M. Borchert, 2006. This volume, covering entries from Abbagnano, Nicola to Byzantine philosophy, presents articles on Eastern and Western philosophies, medical and scientific ethics, the Holocaust, terrorism, censorship, biographical entries, and much more.
