Innovative Perspectives on Tourism Discourse Bielenia-Grajewska, Magdalena, Cortes de los Rios, Enriqueta, 2017-08-10 The application of linguistic optimization methods in the tourism travel and hospitality industry has improved customer service and business strategies within the field It provides an opportunity for tourists to explore another culture building tolerance and overall exposure to different ways of life Innovative Perspectives on Tourism Discourse is a pivotal reference source for the latest research findings on the role of language and linguistics in the travel industry Featuring extensive coverage on relevant areas such as intercultural communication adventure travel and tourism marketing this publication is an ideal resource for linguists managers researchers economists and professionals interested in emerging developments in tourism and travel **Sceptical Perspectives on the Changing Constitution of the United Kingdom** Richard Johnson, Yuan Yi Zhu, 2023-04-20 This book examines the far reaching changes made to the constitution in the United Kingdom in recent decades It considers the way these reforms have fragmented power once held centrally through the Crown in Parliament by means of devolution referendums and judicial reform It examines the reshaping of the balance of power between the executive legislature and the way that prerogative powers have been curtailed by statute and judicial ruling It focuses on the Human Rights Act and the creation of the UK Supreme Court which emboldened the judiciary to limit executive action and even to challenge Parliament and argues that many of these symbolised an attempt to shift the political constitution to a legal one Many virtues have been ascribed to these reforms To the extent that criticism exists it is often to argue that these reforms do not go far enough An elected upper chamber regional English parliaments further electoral reform and a codified constitution are common tonics prescribed by commentators from this point of view This volume adopts a different approach It provides a critical evaluation of these far reaching reforms drawing from the expertise of highly respected academics and experienced political figures from both the left and right The book is an invaluable source of academic expertise and practical insights for the interested public students policymakers and journalists who too often are only exposed to the further reform position **China's Regional Relations in Comparative Perspective** Steven F. Jackson, 2018-02-06 China's relations with its neighbors have evolved since 1949 and in the 21st century many scholars argue that China's rising power has led it to be increasingly domineering over those smaller countries in Northeast Southeast Central and South Asia The evolution of China's regional relations needs to be examined comprehensively since China counts twenty seven countries as its neighbors large and small While China's official policy toward all of these countries is to treat them as good neighbors and partners some of these relationships have been spectacularly deteriorating while others have been quietly improving over the last two decades Jackson takes a comparative foreign policy approach and compares China's status as a regional hegemon with the United States Russia India Brazil South Africa and Nigeria The result is a broader theory as to why regional powers are sometimes intimidating and at other times accommodating An important contribution to

studies on China this book will prove useful to scholars and students in Chinese and Asian foreign policy comparative foreign policy and international relations *Changing Perceptions of the EU at Times of Brexit* Natalia Chaban, Arne Niemann, Johanna Speyer, 2020-07-19 This volume brings together contributions that conceptualize and measure EU perceptions in the strategic regions around the world in the aftermath of the UK referendum Contributors assess the evolution of EU perceptions in each location and discuss how their findings may contribute to crafting foreign policy options for the new EU 27 Brexit is very likely to have a substantial bearing on EU external policy not merely because of the loss of a major member state with a special relationship to the US and the Commonwealth but also because it challenges the integrational success story that the EU strives to embody This book thus serves a dual purpose on the one hand it broadens the recent studies on Brexit by focusing on external partners reactions and on the other it allows for an innovative evaluation of policy options for EU foreign policy Based on a solid theoretical foundation and empirically rich data it constitutes an innovative and timely addition to the evolving debate on Brexit and its consequences This book will be of key interest to scholars and students of European politics Brexit British politics EU politics comparative politics and international relations

Development Theory and Practice in a Changing World Pádraig Carmody, 2019-04-09 Taking a critical and historical view this text explores the theory and changing practice of international development It provides an overview of how the field has evolved and the concrete impacts of this on the ground on the lives of people in the Global South Development Theory and Practice in a Changing World covers the major theories of development such as modernisation and dependency in addition to anti development theories such as post modernism and decoloniality It examines the changing nature of immanent structural conditions of development in addition to the main attempts to steer them imminent development The book suggests that the era of development as a hegemonic idea and practice may be coming to an end at the same time as it appears to have achieved its apogee in the Sustainable Development Goals as a result of the rise of ultra nationalism around the world the increasing importance of securitisation and the existential threat posed by climate change Whether development can or should survive as a concept is interrogated in the book This book offers a fresh and updated take on the past 60 years of development and is essential reading for advanced undergraduate students in areas of development geography international studies political science economics and sociology *Climate Change 2022 - Impacts, Adaptation and Vulnerability*
