## Productivity Planner Cover Letter Review:

*The Productive Graduate Student Writer* Jan E. Allen, 2023-07-03 This book is for graduate students and others who want to become more productive writers. It is especially written for those who want to increase their motivation, focus, and persistence to move a project to completion, overcome procrastination, and perfectionistic tendencies, reduce or write in spite of their anxiety and fear of writing, manage their time, work energy, and advisor for greater productivity. The process or craft of sustained writing is not a matter that is taught to undergraduate or graduate students as part of their studies, leaving most at sea about how to start a practice that is central to a career in academe and vital in many other professional occupations. This book grew out of conversations Jan Allen has held with her graduate students for over 30 years and reflects the fruit of the writing workshops and boot camps she has conducted at three universities, her own, and numerous colleagues' experiences with writing and advising, as well as the feedback she receives from her popular Productive Writer listserv. While Jan Allen recognizes that writing is not an innate talent for most of us, she demonstrates that it is a process based on skills which we can identify, learn, practice, and refine. She focuses both on the process and habits of writing, as well as on helping you uncover what kind of writer you are, and reflect on your challenges and successes. With a light touch and an engaging sense of humor, she proposes strategies to overcome procrastination and distractions and build a writing practice to enable you to become a more productive and prolific writer. Jan Allen proposes that you read one of her succinct chapters, each devoted to a specific strategy or writing challenge, each day or once a week. When you find one that increases your concentration, motivation, or endurance, make it a habit. Try it for two weeks, charting the resulting increased productivity. It will become part of your repertoire of writing and productivity tools to which you can progressively add.
