It should guide the entrepreneur at every stage of the process while focusing on the startups. It should be able to help even the first time entrepreneurs. The most important activity in developing a business plan is to think through each point of potential business in depth then based upon that knowledge and information create a perfect write up about the topic which would answer most of the queries of the reader. This book would help you by taking you through that process of thinking and writing. On the Move to Meaningful Internet Systems 2004: CoopIS, DOA, and ODBASE Zahir Tari, 2004-10-14 sers GADA MOIS WOSE and INTEROP We trust that their audiences will mutually productively and happily mingle with those of the main conferences. A special mention for 2004 is in order for the new Doctoral Symposium Workshop where three young post doc researchers organized an original set up and formula to bring PhD students together and allow them to submit their research proposals for selection. A limited number of the submissions and their approaches will be independently evaluated by a panel of senior experts at the conference and presented by the students in front of a wider audience. These students also got free access to all other parts of the OTM program and only paid a heavily discounted fee for the Doctoral Symposium itself. In fact their attendance is largely sponsored by the other participants. If evaluated as successful it is the intention of the General Chairs to expand this model in future.

editions of the OTM conferences and so draw in an audience of young researchers to the OnTheMove forum All three main conferences and the associated workshops share the distributed aspects of modern computing systems and the resulting application pull created by the Internet and the so called Semantic Web
