faced with the same challenge the need to jump the curve to make significant discontinuous leaps in their thinking whether
about product technology or management style The alternative to follow current practices all the way to their inevitable

innovative leaders around the world as well as research and first hand observation Imparato and Harari identify the four
strategic imperatives innovation intelligence coherence and responsibility that will enable companies to successfully jump
the curve and thrive in the emerging epoch And they show how cutting edge companies and leaders are translating these
imperatives into action Not since the dawn of the Modern Age some five hundred years ago has civilization undergone the
kind of profound rapid fire changes we re experiencing today Even organizations that are adapting growing and innovating
have the gnawing sense that obsolescence is right around the corner Jumping the Curve offers perspective and guidance for
