Kressley, 1998 If you think you re overwhelmed by technology today just wait for the year 2020 By then most employees will be working in technology or services Microsoft or monetary services The population of retired persons will increase astonishingly Social Security will revert to the bare bones safety net that it was originally intended to be Not only will Social Security feel the strain but medical services and facilities will as well Medical costs will continue to spiral until managed care becomes the rule introducing competition into the equation And that

group known as the Baby Boomers control the nation's wealth and politics. They just may get all that they want even if it comes at the expense of the rest of the population. Those not in the know simply will not get the quality care they need. Even sex will be different for better or worse in the third millennium.
