The Four Scott Galloway, 2017-10-05 A fantastic provocative book about where we are now and where we are going Phil Simon Huffington Post Amazon Apple Facebook and Google are the four most influential companies on the planet Just about everyone thinks they know how they got there Just about everyone is wrong For all that s been written about the Four over the last two decades no one has captured their power and staggering success as insightfully as Scott Galloway Instead of buying the myths these companies broadcast Galloway asks fundamental questions How did the Four infiltrate our lives so completely that they re almost impossible to avoid or boycott Why does the stock market forgive them for sins that would destroy other firms And as they race to become the world s first trillion dollar company can anyone challenge them In the same irreverent style that has made him one of the world s most celebrated business professors Galloway deconstructs the strategies of the Four that lurk beneath their shiny veneers He shows how they manipulate the fundamental emotional needs that have driven us since our ancestors lived in caves at a speed and scope others can t match And he reveals how you can apply the lessons of their ascent to your own business or career Whether you want to compete with them do business with them or simply live in the world they dominate you need to understand the Four *Gender Violence, Social Media, and Online Environments* Lisa M. Cuklanz, 2022-12-30 This book examines contexts practices and activism on issues of gender violence at the intersections of online and public spaces Through individual case studies the volume considers the interplay between the virtual worlds of online spaces including social media physical spaces and bodies and the ways in which offline and online dimensions of experience can serve as motivators for extensions of or limitations to each other Examining both problems and potential solutions chapters explore the impacts of and potential resistance to the intersections of gender violence social media and our complex lived environments across national boundaries Throughout the volume close attention is paid to the difficult issues highlighted when prior conceptions of basic foundations such as public space individual rights and professional responsibility are confronted by new examples that further trouble the boundaries of long held frameworks of legal social professional understanding and even our comprehension of the real Each chapter grapples with a difficult reality related to gender violence underscores possible ways forward and highlights limitations resisting easy answers to complex and persistent questions about rights personal integrity and social responsibility Offering clear insights into a critical issue this book will be of interest to scholars and students in the areas of media studies social media gender and women s studies sociology and criminology digital humanities and politics Combating Fiscal Fraud and Empowering Regulators Brigitte Unger, Lucia Rossel, Joras Ferwerda, 2021 Combating Fiscal Fraud and Empowering Regulators analyzes the impact of new international tax regulations on the scope and scale of tax evasion tax avoidance and money laundering

Uberworked and Underpaid Trebor Scholz, 2016-12-27 This book is about the rise of digital labor Companies like Uber and Amazon Mechanical Turk promise autonomy choice and flexibility One of network culture s toughest critics Trebor Scholz chronicles the work of workers in the sharing economy and the free labor on sites like Facebook to take these myths apart In this rich accessible and provocative book Scholz exposes the uncaring reality of contingent digital work which is thriving at the expense of employment and worker rights The book is meant to inspire readers to join the growing number of worker owned platform cooperatives rethink unions and build a better future of work A call to action loud and clear

Uberworked and Underpaid shows that it is time to stop wage theft and crowd fleecing rethink wealth distribution and address the urgent question of how digital labor should be regulated and how workers from Berlin Barcelona Seattle and S o Paulo can act in solidarity to defend their rights

Fulfillment Alec MacGillis, 2021-03-16 A New York Times Book Review Editors Choice A grounded and expansive examination of the American economic divide It takes a skillful journalist to weave data and anecdotes together so effectively Carolyn Kellogg Los Angeles Times An award winning journalist investigates Amazon s impact on the wealth and poverty of towns and cities across the United States In 1937 the famed writer and activist Upton Sinclair published a novel bearing the subtitle A Story of Ford America He blasted the callousness of a company worth a billion dollars that underpaid its workers while forcing them to engage in repetitive and sometimes dangerous assembly line labor Eighty three years later the market capitalization of Amazon com has exceeded one trillion dollars while the value of the Ford Motor Company hovers around thirty billion We have it seems entered the age of one click America and as the coronavirus makes Americans more dependent on online shopping its sway will only intensify Alec MacGillis s Fulfillment is not another inside account or expos of our most conspicuously dominant company Rather it is a literary investigation of the America that falls within that company s growing shadow As MacGillis shows Amazon s sprawling network of delivery hubs data centers and corporate campuses epitomizes a land where winner and loser cities and regions are drifting steadily apart the civic fabric is unraveling and work has become increasingly rudimentary and isolated Ranging across the country MacGillis tells the stories of those who ve thrived and struggled to thrive in this rapidly changing environment In Seattle high paid workers in new office towers displace a historic black neighborhood In suburban Virginia homeowners try to protect their neighborhood from the environmental impact of a new data center Meanwhile in El Paso small office supply firms seek to weather Amazon s takeover of government procurement and in Baltimore a warehouse supplants a fabled steel plant Fulfillment also shows how Amazon has become a force in Washington D C ushering readers through a revolving door for lobbyists and government contractors and into CEO Jeff Bezos s lavish Kalorama mansion With empathy and breadth MacGillis demonstrates the hidden human costs of the other inequality not the growing gap between rich and poor but the gap between the country s winning and losing regions The result is an intimate account of contemporary capitalism its drive to innovate its dark pitiless magic its remaking of America with every click
