

## INTRODUCTION TO

# Personal Finance Syllabus

### COURSE DESCRIPTION

This course overviews basic personal finance concepts, including budgeting, saving, investing, and managing debt. The course aims to help students develop a solid understanding of personal finance principles and practical skills to manage their financial well-being.

### COURSE OBJECTIVES

- 1 To understand the basics of personal finance and develop a strong foundation for making informed financial decisions.
- 2 To learn how to create and manage a budget, save money, and reduce debt.
- 3 To develop an awareness of common financial pitfalls and how to avoid them.

### COURSE SCHEDULE

Week 1	Introduction Personal Finance
Week 2	Managing Debt
Week 3	Investing for the Future
Week 4	Insurance and Protection
Week 5	Retirement Planning

### MODE OF ASSESSMENT

#### Quizzes

30%

Three quizzes covering each week's material

#### Final Project

40%

A personal finance plan including budgeting, debt repayment, investment strategy, and retirement plan

#### Class Participation

20%

Active participation in class discussions and group activities

### ADDITIONAL RESOURCES

Recommended books and online resources for further learning

Personal finance calculators and tools

Guest speakers from financial institutions and industry professionals

Personal Financial Literacy of High School Students, 2015. Managing money is a life skill that everyone needs to understand to be successful in life. This paper explores the history of high school personal finance education in the United States followed by delivery methods that impact high school students' comprehension and behaviors. These delivery methods include curriculum, stock market games, simulations, and tools. Prior to learning about financial literacy in high school, there are many influencers that have impacted the student that could have instilled positive or negative behaviors and skills. How an individual learns about money begins at a young age by observing their parents and develops throughout their lifetime with other influencers that may include teacher knowledge, subject standards, work experience, and personal attitudes. With influencers impacting students prior to a personal finance curriculum in high school, this paper concludes with the impact on students of taking a financial literacy course in high school.

**Decolonizing Philosophies of Education** Ali A.

Abdi,2012-01-01 Philosophy of education basically deals with learning issues that attempt to explain or answer what we describe as the major questions of its domains i e what education is needed why such education and how would societies undertake and achieve such learning possibilities In different temporal and spatial intersections of people s lives the design as well as the outcome of such learning program were almost entirely indigenously produced but later they became perforce responsive to externally imposed demands where as far as the history and the actualities of colonized populations were concerned a cluster of de philosophizing and de epistemologizing educational systems were imposed upon them Such

realities of colonial education were not conducive to inclusive social well being hence the need to ascertain and analyze new possibilities of decolonizing philosophies of education which this edited volume selectively aims to achieve The book should serve as a necessary entry point for a possible re routing of contemporary learning systems that are mostly of de culturing and de historicizing genre With that in mind the recommendations contained in the 12 chapters should herald the potential of decolonizing philosophies of education as liberating learning and livelihood praxes This collection of critical and scholarly analyses provides an insightful and timely resource for decolonizing philosophies of education that continue to shape discourses policies curricula and practices in all levels of educational and social institutions It also usefully challenges versions of postcolonial studies that fail to recognize and demystify the continuity of colonial hegemony in contemporary societal formations in both the global north and south Toh Swee Hin Distinguished Professor University for Peace Costa Rica Laureate UNESCO Prize for Peace Education 2000 Decolonizing philosophies of education edited by Ali A Abdi is a collection of twelve essays by noted scholars in the field who provide strong readings of postcolonialism in education with an emphasis on decolonizing epistemologies It provides a clear and comprehensive introduction to the critical history of colonization postcolonial studies and the significance of education to the colonial project This is an important book that provides a global perspective on the existential and epistemological escape from the colonial condition Michael A Peters Professor Educational Policy Studies University of Illinois at Urbana Champaign *Personal Finance I 100 Score Keys* Starline Press, 2011-06-01 Starline Press Curriculum Description Unit Score Keys Personal Finance Units Personal Finance 101 105 This pack includes both the Score Keys and Test Keys for Personal Finance I Units 101 105 Personal finance students learn saving versus spending credit debt and credit reports They study investing basics stocks bonds mutual funds and other investments Students study taxes insurance and elements of a financial plan Starline Press is a character based state standards aligned individualized and independent learning curriculum Perfect for any independent learning environment from Homeschool to Adult High School completion and Home and Hospital instruction it is designed to allow each student to progress at his or her own pace which may vary from subject to subject Students find the instruction embedded in the material so that the teachers voice is heard within the text Both objective and subjective assessment methods are used to ensure mastery of the material Challenging activities are included in each unit to help students to acquire critical thinking skillsets Each complete Starline Press Curriculum Course contains from 5 12 individual units from one semester to one years instruction The Starline Press core curriculum course list includes Math English Social Studies and Science for 3rd through 12th grades The Starline Press High School Elective curriculum course list includes Physical Education Personal Finance Spanish and Automotive Technology Home Economics Art Music and many others Each Unit 24 to 60 pages is about 3 weeks work for a student and comes with a test inserted into the back for easy removal The separately purchased Score Key comes with the Test Key inserted into the back of it All units of a particular course must be completed to meet all of the objectives of that course
