Claim:

There are different aquatic systems with diverse organisms.

Evidence	Reasoning/Justification
Aquatic ecosystems have abiotic - temp, light, salinity, depth	Different organisms can tolerate different factors
Some organisms prefer fresh water vs. saltwater. Bull sharks + manatees tolerate both	Bull sharks and manatees are very different, but tolerate same conditions
Depth reduces light and increases pressure. Organisms deal with this differently.	Many types of adaptations exist to survive in these conditions
The geography of an aquatic environment can determine the life forms present.	Continental shelf gets lots of light, so there's many living things. Not so in the abyss.
Photosynthesis takes place in the neritic zone.	It is the most productive area of the ocean. Plankton are base of food chain.
Metabolism is affected by temp. Many species are cold-blooded.	Organisms can migrate or must have adaptations to survive.

accomplishments of elementary and middle school teachers as they navigate environments with complex issues of change. The cases have the following elements in common: 1. all provide a factually correct thorough account of a teacher's pedagogy in the context of change; 2. all analyze the contents of teaching and learning; 3. all link the cases to teacher performance standards developed by the INTASC; and 4. all contain specific lesson plans and examples of students' work.

Handbook for College Research Robert Perrin, 1997. Complete, concise, and specially designed for easy access, this guide to the process of writing the research paper features a no-nonsense handbook format that helps students quickly find the information they need. The Third Edition of **Handbook for College Research** provides the latest information on locating and evaluating print and electronic source material as well as documenting sources in four different styles: the APA, Chicago, CBE, and updated MLA guidelines. In addition to guiding students in the stages of writing the research paper (planning, drafting, and revising), this edition includes convenient in-text annotations with each citation, providing clear visual models of the four styles. Coverage of electronic research includes the latest information on conducting electronic research, interpreting search engines, evaluating Internet and other electronic sources, and documenting electronic sources in the four documentation styles.

A Short Guide to College Writing Sylvan Barnet, Pat Bellanca, Marcia Stubbs, 2010. One of the high-quality, low-priced entries in Longman's Penguin Academics Series, **A Short Guide to College Writing** is a clear and authoritative brief rhetoric that emphasizes analysis, argument, and research in academic writing. Engagingly written by a well-known author team, **A Short Guide to College Writing** offers students clear practical guidance. Students can turn to this book for help with everything from choosing a topic, writing an analysis, and documenting sources to constructing a paragraph and punctuating a quotation. Separate chapters provide support for revising a draft, editing a revision, or preparing a final copy. Discussion and examples of description and narration are included, but the emphasis throughout is on the most common college writing assignments: analysis, argument, and research. Students are taught the essential skills for effective college writing skills they will need when writing for a first-year composition course or for any other college-level course.

The Legal Research and Writing Handbook Andrea B. Yelin, Hope Viner Samborn, 2003. Yelin and Samborn offer solid mastery of legal research and writing in one course through their thoroughly tested handbook. This text coaches students through every step of the research and writing process with extra attention to the crucial writing skills students often lack. This edition incorporates examples, expert writing tips, and updated online research tools, bringing students' proficiency right up to the level of today's most advanced law offices. Fine-tuned and polished through extensive student and instructor feedback, Yelin and Samborn's handbook will be one of the most useful books your paralegal students will ever own. **The Paralegal's Definitive Guide to Professional Level Research and Writing** Complete coverage of research tools and strategies shows students how to locate and develop case materials in an efficient research process using both traditional and new electronic sources. Step-by-step instruction on the writing process coaches students through each stage of legal writing, from prewriting strategies to revising.
