The Colour Fantastic Giovanna Fossati, Victoria Jackson, Bregt Lameris, Elif Rongen-Kaynakci, Sarah Street, 2025-10-01 Sparked by a groundbreaking Amsterdam workshop titled Disorderly Order Colours in Silent Film scholarly and archival interest in colour as a crucial aspect of film form technology and aesthetics has enjoyed a resurgence in the past twenty years In the spirit of the workshop this anthology brings together international experts to explore a diverse range of themes that they hope will inspire the next twenty years of research on colour in silent film Taking an interdisciplinary approach the book explores archival restoration colour film technology colour theory and experimental film alongside beautifully saturated images of silent cinema

*Animating Unpredictable Effects* Jordan Gowanlock, 2021-05-28 Uncanny computer generated animations of splashing waves billowing smoke clouds and characters flowing hair have become a ubiquitous presence on screens of all types since the 1980s This Open Access book charts the history of these digital moving images and the software tools that make them Unpredictable Visual Effects uncovers an institutional and industrial history that saw media industries conducting more private R D as Cold War federal funding began to wane in the late 1980s In this context studios and media software companies took concepts used for studying and managing unpredictable systems like markets weather and fluids and turned them into tools for animation Unpredictable Visual Effects theorizes how these animations are part of a paradigm of control evident across society while at the same time exploring what they can teach us about the relationship between making and knowing

Museum as a Cinematic Space Elisa Mandelli, 2019-06-24 Moving images have become an increasingly common feature in a wide range of museums which are frequently populated with screens and audio visual projections But when did films start to be displayed in museum galleries And what are the issues at stake when showing moving images in exhibition spaces With an innovative and strongly interdisciplinary theoretical framework this book offers an extensive investigation of the use of audio visuals in exhibition design Highlighting the continuities and fractures between different periods contexts and practices Elisa Mandelli shows the deep influence of audio visuals on the configuration of the exhibition space as well as on the relationship between museums and their visitors

Pervasive Animation Suzanne Buchan, 2013-08-22 This new addition to the AFI Film Readers series brings together original scholarship on animation in contemporary moving image culture from classic experimental and independent shorts to digital animation and installation The collection that is also a philosophy of animation foregrounds new critical perspectives on animation connects them to historical and contemporary philosophical and theoretical contexts and production practice and expands the existing canon Throughout contributors offer an interdisciplinary roadmap of new directions in film and animation studies discussing animation in relationship to aesthetics ideology philosophy historiography visualization genealogies spectatorship representation technologies and material culture

*Animals, Animality, and Literature* Bruce Boehrer, Molly Hand, Brian Massumi, 2018-09-20 *Animals Animality and Literature* offers readers a one volume survey of the field of literary animal

studies in both its theoretical and applied dimensions Focusing on English literary history with scrupulous attention to the interplay between English and foreign influences this collection gathers together the work of nineteen internationally noted specialists in this growing discipline Offering discussion of English literary works from Beowulf to Virginia Woolf and beyond this book explores the ways human animal difference has been historically activated within the literary context in devotional works in philosophical and zoological treatises in plays and poems and novels and more recently within emerging narrative genres such as cinema and animation With an introductory overview of the historical development of animal studies and afterword looking to the field's future possibilities *Animals Animality and Literature* provides a wide ranging survey of where this discipline currently stands
