## Peter Levenda:

Necronomicon Files Daniel Harms, John Wisdom Gonce, 2003-07-01 What if a book existed that gave answers to everything you've ever wondered about? What would you do to learn its secrets? Tales of such books have abounded for millennia and are legend in occult history. One of the most pervasive modern iterations is that of the Necronomicon, said to be a genuine occult text from the 8th century. The Necronomicon really is the creation of science fiction writer H.P. Lovecraft (1890-1937) in whose books the magic volume first appears in print. In *The Necronomicon Files* two occult authorities explore all aspects of The Necronomicon from its first appearance in Lovecraft's fiction to its ongoing pervasive appearance in cult and occult circles. The *Necronomicon Files* revised and expanded further reveals the hoax of the Necronomicon. Harms and Gonce show that the apocryphal history of the Necronomicon was concocted by Lovecraft to lend it verisimilitude in his fiction. The magical text was transformed into an icon among Lovecraft's literary circle who added to the book's legend by referring to it in their own writing. People became convinced that it was a real book and its references in literature and film continue to grow. The book also examines what people have undergone to find the Necronomicon and the cottage industry that has arisen over the past three decades to supply the continuing demand for a book that does not exist. Scholarly yet accessible, humorous and intriguing, *The Necronomicon Files* illuminates the depth of the creative process and the transformations of modern myth while still managing to preserve much of the romance and fascination that surrounds the Necronomicon in our culture.

*Unholy Alliance* Peter Levenda, 2002-05-24 Engagingly written, *Unholy Alliance* is a comprehensive popular history of the occult background and roots of the Nazi movement, showing how the ideas of a vast international network of late 19th and early 20th century occult groups influenced Nazi ideology. Levenda takes readers through the teachings of Madame Blavatsky, Aleister Crowley, the Thule Gesellschaft, the occult secret society that formed the ideological heart of the early Nazi Party, the Order of the Golden Dawn and the Order of the Eastern Temple, and demonstrates how each influenced Nazi ideology. He also details the expedition to Tibet of the Ancestral Heritage Research and Teaching Society, comprised of the same SS officers who would later be involved in grisly medical experiments on concentration camp prisoners. Levenda traces the Nazis' movements as they continued their activities after the war or morphed into neo-Nazi skinhead and satanic groups such as the Christian Identity and White Aryan Resistance movements. Levenda's not only a major work of investigative reporting but also the striking story of the unholy alliance between politics and religion or politics and occultism that has dominated events in Europe and the Americas since World War I with all its implications for continuing racial and religious violence in Europe, Asia and the Americas.

Drawing on decades of experience author and historian Peter Levenda turns to the novel as the best and perhaps only way to tell a story that has to be told that hidden within the tales of America's most iconic writer of gothic horror H P Lovecraft runs a vein of actual terror Gregory Angell the present day descendant of George Angell in Lovecraft's *Call of Cthulhu* is summoned by a nameless covert agency of the US government to retrieve a sacred book from the grasp of an Islamist terror network operating out of northern Iraq in the land of the Yezidi Practitioners of a monotheistic religion with mystical traditions the Yezidi are all that's left of an ancient sect that possessed the key to the origins of the human race and was in conflict with another more ancient civilization from beyond the stars Hailed by author Christopher Farnsworth *Blood Oath* as a more intelligent *DaVinci Code* and by Whitley Strieber *The Key* as a riveting work of fiction this book will thrill Lovecraft aficionados readers of reality based thrillers and conspiracy theorists alike ***The Paranormal and Popular Culture*** Darryl Caterine,John W.
