Scope and Standards of Vascular Nursing Practice Society for Vascular Nursing, 2004 **Professional Development, Reflection and Decision-making for Nurses** Melanie Jasper, 2011-12-08 Vital Notes for Nurses Professional Development Reflection and Decision making provides a concise accessible introduction to professional

development reflective practice and clinical decision making Vital Notes for Nurses Professional Development Reflection and Decision making explores the core strategies of reflective practice and decision making underlying professional nursing development. Separate chapters on reflective writing, evidence based practice, clinical supervision and portfolios demonstrate the inter-relationship between professional development and professional practice. It is aimed at both student and qualified nurses, recognising that professional development is a life long commitment. It provides clear guidance to help practitioners think critically about their actions, work within professional boundaries, be accountable for their actions and plan for their future. Provides a concise introduction to professional development, reflective practice and clinical decision making. Written in a clear, accessible style which assumes no prior knowledge. Enables students to consider and develop their practice in order to become competent practitioners. Each chapter includes learning objectives, scenarios and case studies. In the Vital Notes for Nurses series *Becoming a Nurse* Derek Sellman, Paul Snelling, 2014-09-09. The guidelines and skills required to become a nurse are always changing and it can be difficult to stay up to date with the current standards. This book has been specifically designed to address the main skills you need to meet NMC requirements. *Becoming a Nurse* will demystify what you need to know while preparing you to meet NMC standards and become a confident practicing professional. This book is ideal for both pre-registration and practicing nurses. It is an excellent resource to prepare you for your programme or to refresh your knowledge of current NMC standards. User friendly language describes the key NMC standards to become a Nurse. Personal and professional development, Professional and ethical practice, Care delivery, Care management, 17 overarching standards of the NMC. More readable than texts on single topics such as ethics or management, it is also a better preparation for the accountability of Registration than clinically oriented books usually are. Would you recommend it? Resoundingly yes! Sue McBean, University of Ulster, THES, Feb 2010. [Fundamental Aspects of Complementary Therapies for Health Care Professionals](#) Nicky Genders, 2006. This introductory text offers an overview of the range of complementary therapies available in the UK and will help give the practitioner an essential understanding of the nature of each therapy and the existing evidence base so that they can make informed judgements for the benefit of patients. It will also be a useful resource for patients and clients themselves. **BOOK JACKET** *Evidence-Based Practice in Nursing* Jean V. Craig, Dawn Dowding, 2019-08-10. The Evidence-Based Practice Manual successfully breaks down the skills required for evidence-based nursing into manageable components. The reader will learn how to find, critically read and interpret a range of research studies and will discover optimal approaches towards helping patients reach decisions that are informed by the best available evidence. The more strategic concepts of developing an organisational evidence-based culture and making evidence-based changes at the organisational level are addressed in the final chapter. This popular book comes with helpful online exercises including NCLEX questions for the US readership. Helps students learn to read and understand research results as a foundation for evidence-based practice. Easy writing style makes a potentially difficult subject accessible and

enjoyable Explains how to search the literature and rank it according to the strength of its evidence Case studies scenarios and exercises bring the subject to life Clearly explains the process of critical appraisal quality of the study interpretation of the results and applicability of the findings to individual patients Explains the various means of applying data from population studies to the individual Offers practical advice on how to communicate risks and benefits to patients Contains a glossary of useful terms New editorship brings an international dimension to the content Includes a new chapter on mixed methods studies Expanded discussion of the evaluation of qualitative systematic reviews Updated information on the implementation of guidelines and the current role of evidence in healthcare organisational policy Now published in full colour throughout

Bailliere's Study Skills for Nurses and Midwives Sian Maslin-Prothero,2010 The text uses a number of features to help the reader get the most from it including activities reflection points case studies and annotated further reading There are also a number of useful appendices including a simple guide to reference and citation systems
