## Not June Cleaver Not June Cleaver:

**Not June Cleaver** Joanne Jay Meyerowitz, 1994 In the popular stereotype of post World War II America women abandoned their wartime jobs and contentedly retreated to the home This work unveils the diversity of postwar women showing how far women departed from this one dimensional image *Rethinking Cold War Culture* Peter J. Kuznick, James Gilbert, 2013-04-09 This anthology of essays questions many widespread assumptions about the culture of postwar America Illuminating the origins and development of the many threads that constituted American culture during the Cold War the contributors challenge the existence of a monolithic culture during the 1950s and thereafter They demonstrate instead that there was more to American society than conformity political conservatism consumerism and middle class values By examining popular culture politics economics gender relations and civil rights the contributors contend that while there was little fundamentally new about American culture in the Cold War era the Cold War shaped and distorted virtually every aspect of American life Interacting with long term historical trends related to demographics technological change and economic cycles four new elements dramatically influenced American politics and culture the threat of nuclear annihilation the use of surrogate and covert warfare the intensification of anticommunist ideology and the rise of a powerful military industrial complex This provocative dialogue by leading historians promises to reshape readers understanding of America during the Cold War revealing a complex interplay of historical norms and political influences *Victory Girls, Khaki-Wackies, and Patriotutes* Marilyn E. Hegarty, 2010-04-05 While the de sexualized Rosie was celebrated women who used their sexuality either intentionally or inadvertently to serve their country encountered a contradictory morals campaign launched by government and social agencies which shunned female sexuality while valorizing masculine sexuality This double standard was accurately summed up by a government official who dubbed these women patriotutes part patriot part prostitute Manly Meals and Mom's Home Cooking Jessamyn Neuhaus, 2012-03-15 A study of what American cookbooks from the 1790s to the 1960s can show us about gender roles food and culture of their time From the first edition of The Fannie Farmer Cookbook to the latest works by today s celebrity chefs cookbooks reflect more than just passing culinary fads As historical artifacts they offer a unique perspective on the cultures that produced them In Manly Meals and Mom s Home Cooking Jessamyn Neuhaus offers a perceptive and piquant analysis of the tone and content of American cookbooks published between the 1790s and the 1960s adroitly uncovering the cultural assumptions and anxieties particularly about women and domesticity they contain Neuhaus s in depth survey of these cookbooks questions the supposedly straightforward lessons about food preparation they imparted While she finds that cookbooks aimed to make readers mainly white middle class women into effective modern age homemakers who saw joy not drudgery in their domestic tasks she notes that the phenomenal popularity of Peg Bracken s 1960 cookbook The I Hate to Cook Book attests to the limitations of this kind of indoctrination At the same time she explores the proliferation of bachelor cookbooks aimed at the man in the kitchen and the

biases they display about male and female abilities tastes and responsibilities Neuhaus also addresses the impact of World War II rationing on homefront cuisine the introduction of new culinary technologies gourmet sensibilities and ethnic foods into American kitchens and developments in the cookbook industry since the 1960s More than a history of the cookbook *Manly Meals and Mom's Home Cooking* provides an absorbing and enlightening account of gender and food in modern America An engaging analysis Neuhaus provides a rich and well researched cultural history of American gender roles through her clever use of cookbooks Sarah Eppler Janda *History Reviews of New Books* With sound scholarship and a focus on prescriptive food literature *Manly Meals* makes an original and useful contribution to our understanding of how gender roles are institutionalized and perpetuated Warren Belasco senior editor of *The Oxford Encyclopedia of American Food and Drink* An excellent addition to the history of women's roles in America as well as to the history of cookbooks *Choice* Not June Cleaver - Women and Gender in Postwar America, 1945-1960 June Meyerowitz, 1994 **The Legal Studies Forum** ,2003 **Book Review Digest** ,1997 **American Homophobia** Paul A. Herman, 2005 **Reports of Patent, Design and Trade Mark Cases (London, England : 1886)** ,1896 **GLQ** ,2005 **Nancy Drew and Her Sister Sleuths** Michael G. Cornelius, Melanie E. Gregg, 2008-09-02 This collection of essays focuses on the girl sleuth made famous by Nancy Drew but also characterized by other detectives like Cherry Ames Trixie Belden Linda Carlton and in today's world by Veronica Mars and Hermione Granger Solving mysteries is what each of the essayists strives to do examining the conundrums these sleuths have left in their wake Provided by publisher *Women's Work and Public Policy* Kathleen A. Laughlin, 2000 For over seventy five years the Women's Bureau a division of the U S Department of Labor has played a major part in the struggle for equal rights In this institutional history Kathleen A Laughlin offers the fullest account to date of the Women's Bureau during the post World War II era showing how its long tradition of linking government with grassroots constituents supported and sustained the political milieu for women's rights activism in the 1940s and 1950s and set the foundation for resurgent feminism in the 1960s This insightful study chronicles how the federal agency's quiet backstage activism promoted an economic agenda for women and paved the way for more public center stage feminist advocacy It challenges traditional beliefs that women's activism was dormant during the 1940s and 1950s and makes a significant contribution to revisionist scholarship on social and political reform movements in the postwar decades **House of Commons Debates, Official Report** Canada. Parliament. House of Commons, 1999 *The Convenient Cowboy (Mills & Boon American Romance)* Heidi Hormel, 2015-08-01 **WHAT A COWGIRL'S GOTTA DO** **Seeing Nature Through Gender** Virginia Scharff, 2003 Environmental history has traditionally told the story of Man and Nature Scholars have too frequently overlooked the ways in which their predominantly male subjects have themselves been shaped by gender *Seeing Nature through Gender* here reintroduces gender as a meaningful category of analysis for environmental history showing how women's actions desires and choices have shaped the world and seeing men as gendered actors as well In thirteen essays

that show how gendered ideas have shaped the ways in which people have represented experienced and consumed their world Virginia Scharff and her coauthors explore interactions between gender and environment in history Ranging from colonial borderlands to transnational boundaries from mountaintop to marketplace they focus on historical representations of humans and nature on questions about consumption on environmental politics and on the complex reciprocal relations among human bodies and changing landscapes They also challenge the ecofeminist position by challenging the notion that men and women are essentially different creatures with biologically different destinies Each article shows how a person or group of people in history have understood nature in gendered terms and acted accordingly often with dire consequences for other people and organisms Here are considerations of the ways we study sexuality among birds of William Byrd's masking sexual encounters in his account of an eighteenth century expedition of how the ecology of fire in a changing built environment has reshaped firefighters own gendered identities Some are playful as in a piece on the evolution of snow bunnies to shred betties Others are dead serious as in a chilling portrait of how endocrine disrupters are reinventing humans animals and water systems from the cellular level out Aiding and adding significantly to the enterprise of environmental history Seeing Nature through Gender bridges gender history and environmental history in unexpected ways to show us how the natural world can remake the gendered patterns we've engraved on ourselves and on the planet

**Marketing to Generation X** Karen Ritchie, 1995 A study of advertisers and marketers intentions to aim at a new consumer group those born between 1961 and 1981 and dubbed Generation X The author introduces this new generation describing how they respond to minorities business education career family and the media America, History and Life, 1997 Article abstracts and citations of reviews and dissertations covering the United States and Canada **Journal of Women's History**, 2005 **Nation and Society** Margaret Conrad, Alvin Finkel, 2004 Designed to accompany the two volume History of the Canadian Peoples and the one volume synthesis Canada A National History This book can also supplement any survey of Canadian history text or serve as a stand alone text Nation and Society Readings in Post Confederation Canadian History offers students a sample of some of the best recent scholarship on the history of Canada since Confederation The readings are grouped in a combination of time periods and themes that are commonly used in studies of the post Confederation period Inventing Canada 1867 1914 Economy and Society in the Industrial Age 1867 1918 Transitional Years Canada 1919 1945 Reinventing Canada 1945 1975 and Post Modern Canada What Women Watched Marsha F. Cassidy, 2005-05 In this pathfinding book based on original archival research Marsha F Cassidy offers the first thorough analysis of daytime television's earliest and most significant women's genres appraising from a feminist perspective what women watched before soap opera rose to prominence After providing a comprehensive history of the early days of women's programming across the nation Cassidy offers a critical discussion of the formats programs and celebrities that launched daytime TV in America Kate Smith's variety show and the famed singer's unsuccessful transition from patriotic radio star to 1950s TV idol the charm boys Garry Moore Arthur Godfrey

and Art Linkletter whose programs honored women's participation but in the process established the dominance of male hosts on TV and the misery shows *Strike It Rich* and *Glamour Girl* and the controversy both critical and legal they stirred up Cassidy then turns to NBC's *Home* show starring the urbane Arlene Francis who infused the homemaking format with Manhattan sophistication and the ambitious daily anthology drama *Matinee Theater* which strove to differentiate itself from soap opera and become a national theater of the air She concludes with an analysis of four popular audience participation shows of the era the runaway hit *Queen for a Day* Ralph Edwards's daytime show of surprises *It Could Be You* *Who Do You Trust* starring a youthful Johnny Carson and *The Big Payoff* featuring Bess Myerson the country's first Jewish Miss America Cassidy's close feminist reading of these shows clearly demonstrates how daytime TV mirrored the cultural pressures inconsistencies and ambiguities of the postwar era
