Bizarre History Joe Rhatigan, 2011-10-01 This is history served up high octane with all of the fun and none of the boredom It s not about memorizing lists of dates or names or remembering which general won what battle Instead BIZARRE HISTORY merrily digs up the scandals the strangeness and the scintillating details that illuminate personalities events and real life Think of it not as a textbook but as history s juicy unauthorized biography a historical document in which relevance never gets in the way of a good read There are humorous quotes from famous figures such as Mark Twain and Napoleon History is a myth that men agree to believe as well as witty commentary about leaders of the past After all while you re probably familiar with William the Conqueror have you heard of Charles the Simple ruler of France and son of Louis the Stammerer What about the emperor who entered Rome in a chariot drawn by 50 naked slaves and invented the first whoopee cushion too But you can find lots of wildness closer to home George Washington wrote love letters to a married woman Old Hickory Andrew Jackson had been in at least seven duels before becoming president and Benjamin Franklin fathered an illegitimate child Paranoia also plagued a few of our presidents the only thing Franklin Roosevelt had to fear was the number 13 he wouldn t invite 13 guests to a dinner party or travel on the 13th And both Jimmy Carter and Ronald Reagan had encounters with UFOs The fun facts span the globe covering the crazy acts of Caligula in the Roman Empire the Dog Shogun in 17th century Japan the Pork and Beans war between the US and Canada and even details about fashion medicine sports and the real Dracula It s a wild journey that no one could resist *Forthcoming Books* Rose Arny, 1996-06 Not So!
