**What's the Right Thing to Do?** Selma Wassermann,2019-05-24 Making choices is one of the more pervasive acts of life Almost every action we take demands that choices be made Knowing how to choose wisely to choose after reflection to be aware of what motivates that choice to see the consequences of that choice on others enables us to live healthier more productive and more responsible lives We now live in a world in which our traditional moral exemplars have been less than honorable in their public behavior With fewer heroes and flawed role models how are children to come to an understanding of what s right what s good decent and socially responsible Do as I say not as I do is hardly a viable tenet to guide children s choices This book offers important tools for carrying out effective strategies that build caring environments in the classroom and home for teaching children to weigh decisions in the face of potential consequences examine rationales for their choices and study the effects of their choices on others i e to think more carefully about ethical problems in the presence of the moral freedom to determine for themselves what it means to lead a good and virtuous life

Books in Print ,1991    When Stories Come to School Patsy Cooper,1993 This book offers pre school teachers kindergarten teachers daycare workers and parents ways to help young children begin to read and write by placing stories at the very center of the early childhood curriculum The book includes an in depth discussion of the crucial pedagogical and developmental roles that stories can play in early childhood education as well as a practical guide to having children tell their own stories and perform them with their classmates The book also discusses the use of videos and the uses and misuses of Whole Language invented spelling and the writing process Chapters in the book are 1 Stories in Search of Classrooms 2 Lessons from Home 3 What I Had to Learn about Stories in Classrooms 4 When Young Children Dictate and Dramatize Their Own Stories 5 Portraits of Young Storytellers and 6 A Guide to Storytelling in the Classroom Appendixes present sample stories dictated to teachers sample transcripts of dictation a list of books and stories children like to dramatize and brief descriptions of related classroom literacy activities RS    **Whole Music** Lois

Blackburn,1998 Whole Musicoffers a fervent message to elementary teachers that music can be integrated into their classrooms and that it can be done applying the principles of whole language Music is fertile ground for creating classroom activities based on the individual whole child home community and other environmental and cultural influences And music is best explored using the child s whole body rather than just eyes ears and writing hand Blackburn writes this book from a unique position as a musician with a profound interest in the psycholinguistics of reading Her goal is to propose whole music as an instrument to transform music instruction in the way that whole language has transformed other subject areas Along with descriptions of whole music her book includes examples and practical activities Many books have been designed as compendiums of activities and exhaustive collections of children s songs and games Whole Music instead introduces a point of view The illustrative materials are intended as examples of the whole music process patterns from which teachers may in turn create their own songs and activities There is something in this book to guide nearly every teacher in exploring music at some level and in some context For regular classroom teachers these adventures may be used as focused lessons as enrichment for other subject area units or as fillers for the nightmare times when the lesson plan runs out For music educators the materials may be used individually to examine specific skills or as a complete developmental sequence and curriculum outline in the order presented in the text
