Ai Tools Last 90 Days

**Andrew Vladimir Nalbandov, Donald
Eugene Becker**

Ai Tools Last 90 Days:

90-Day AI Readiness Sprint Daniel Mercery, Most organizations adopting AI do not need multi year transformation programs they need clarity prioritization and momentum 90 Day AI Readiness Sprint provides a focused tactical playbook for small teams that want to adopt AI safely and credibly without excessive cost or bureaucracy This book is structured as a practical sprint breaking AI readiness into clear phases that can be executed over ninety days It emphasizes decision making governance basics and stakeholder alignment rather than technical experimentation Readers are guided through prioritizing use cases identifying key risks and implementing low effort controls that materially reduce exposure The sprint approach helps leaders avoid analysis paralysis while ensuring AI adoption aligns with organizational values risk tolerance and regulatory expectations Key elements include A phased 90 day AI readiness roadmap Minimum viable governance and risk controls Practical checklists for data vendors and usage approval Stakeholder alignment and communication guidance Criteria for scaling or stopping AI initiatives Designed for SMB leaders and small teams this playbook enables confident responsible AI adoption without requiring large budgets or specialized expertise

The Evolution of Artificial Intelligence in Higher Education Miltiadis D. Lytras, Afnan Alkhalidi, Sawsan Malik, Andreea Claudia Șerban, Tahani Aldosemani, 2024-11-25 The Evolution of Artificial Intelligence in Higher Education is a comprehensive guide to the transformative potential of AI in the higher education landscape focused on the need to nurture technology literacy among educators and learners

one click at a time *The Borderless Healthcare Revolution* Sarah Matt,2025-11-19 Concrete hands on strategies for making healthcare more accessible for everyone The Borderless Healthcare Revolution The Definitive Guide to Breaking Geographic Barriers Through Technology is your field guide to a future in which a clinic visit is never farther away than the nearest screen and a surgeon's skill can cross oceans in real time Drawing on two decades at the intersection of medicine and technology including years as a senior leader at Oracle's global health division Dr Sarah Matt translates frontier grade innovation into day to day practice for clinicians health system strategists and policymakers who refuse to accept geography as destiny Inside you will find concrete playbooks rather than platitudes every framework has been piloted in settings that range from Manhattan cath labs to Kenyan community clinics You will also meet the patients and providers whose lived stories prove that digital transformation works only when it works for everyone What you will learn The tech that already moves care without moving patients telemedicine remote surgery ambient AI and how adoption curves exploded after 2020 with more than three quarters of US hospitals now running telehealth programs Human centered design tactics that translate pixels into trust from inclusive language pivots to offline first apps that respect bandwidth deserts A five pillar access audit that flags physical financial cultural digital and trust barriers in any market plus scorecards to track progress Strategy checklists forged during Dr Matt's tenure at Oracle for aligning payers regulators and vendors around sustainable reimbursement models Future readiness briefs on robotics and mixed reality training at a moment when the surgical robotics market is projected to triple by 2031 Whether you lead a rural health network build digital products or craft policy The Borderless Healthcare Revolution The Definitive Guide to Breaking Geographic Barriers Through Technology gives you the tools to expand access today and blueprint the borderless systems of tomorrow Read it then use it to deliver care that travels at the speed of need **Total Hotel Mogel** Adam Mogelonsky,Larry Mogelonsky,2024-09-10 The future of upscale and luxury hotels is total revenues No longer simply a matter of driving occupancy properties in these categories must find ways to encourage guests of all segments to spend across a variety of ancillary revenue streams such as dining wellness golf and activities For the brand and owner's side this optimizes profitability while for the guest this augments the experience to maximize satisfaction a true win win Broken down by sections corresponding to each major hotel operation this book gives hoteliers the tools and inspiration to execute a total revenue focused commercialization strategy **Corporate Risks and Leadership** Eduardo E. Mariscotti,2025-04-24 The context of business has been changing for companies in recent years and following numerous corporate and accounting scandals many countries have increased the number of national and international regulations designed to ensure transparency and compliance with the law Because of the existence of these new regulations the level of control the severity of sanctions by governments and the amount of fines for noncompliance have increased dramatically In parallel with the technological revolution in communications business management has become more transparent and any negative event is uploaded to social networks and shared with an indeterminate number of people

This change in the regulatory sanctioning and technological context has forced large companies to rethink risks investments and budgets to deal with this more complex environment To transition to this change some companies have included ethics and compliance programs in their corporate agenda along with marketing and sales plans strategies growth targets investment plans and or talent acquisition While each industry has its particular risks in this book the author describes the essential elements that any effective ethics and compliance program should contain This book is a source of information that connects yesterday with today The author shares observations and lessons of the past to suggest corporate leaders implement effective ethics and compliance programs to protect their organizations and themselves This book covers theories of ethics but with an eye focused on practical application Risks ethics and compliance are analyzed with an overall vision connected to the reality of business life without getting bogged down in abstract thinking or technical and regulatory details Ethics and compliance are disciplines that have increasingly achieved greater recognition in organizations Thus due to the importance of risk management in the business world and the necessary involvement of the CEO and the board of directors it seems appropriate that executives get access to this book about risks ethics compliance and human resources directed not only to compliance experts but also to any organizational leader This second edition offers various examples to cultivate ethical thinking and behavior identify common risks and comprehend their adverse effects on organizations

Lead Like an MNC Ashish Verma, 2025-08-26 What if the secret to scaling your MSME wasn't just more sales or better operations but world class people systems In *Lead Like an MNC* seasoned HR transformation expert Ashish Verma pulls back the curtain on why most Indian MSMEs struggle to retain talent build a scalable culture or attract top professionals and how it all begins with one often overlooked function Human Resources Drawing from 30 years of deep experience with both global MNCs and homegrown MSMEs Ashish presents a step by step founder friendly playbook that transforms chaotic HR departments and unstructured people management into a scalable strategic system This is not just another HR manual it's a mindset shift From building HR policies that actually work to aligning job roles with business goals from attracting talent to conducting goal driven performance reviews this book offers actionable frameworks checklists assessments and real world examples that MSME leaders can implement right away You'll learn how to Build an HR strategy that supports your business vision from Day 1 Draft policies that protect your business and empower your people Replace gut feel hiring with structured recruitment funnels Retain top performers through culture not just compensation Create goal sheets review systems and recognition strategies that scale Use simple HR metrics and dashboards even if you're not an HR person Build an employer brand that attracts talent like a magnet Whether you run a factory a tech startup a retail chain or a family run enterprise this book is your blueprint for leading like a multinational without losing your MSME soul Who this book is for MSME Founders Owners First time HR Managers Family Business Successors Business Coaches Consultants Anyone building an HR department from the ground up If you're too busy to fix your HR you'll always be too busy fixing people's problems Ashish Verma A
