Technology in the right hands is a strategic weapon and a competitive differentiation tool that can dramatically improve close rates, deal size, efficiency, total sales and much more. Using Technology to Sell will show you how to expand your market through the use of technology, employ software as a service (SaaS) applications to keep track of customers, stay organized, present and sell more systematically, use social media to increase sales, maintain the personal element in a world wired with technology, use the best sales methodology and integrate each step with technology, overcome any aversion to using technology to sell, avoid the trap of overuse or dependency on technology.
