I. Vocabulary

flashback: alteration in story order in which the plot moves back in time to show events that have taken place earlier than those already shown.

Point of View (POV) shot: a shot taken from the position of a character's eyes. It shows the viewer what things look like from the character's position.

Wide angle: the use of a wide-angle lens to create a shot that captures a wide range of elements.

Crosscutting: editing that alternates shots of two or more lines of action occurring in different places. It is often used during dramatic sequences to increase tension.

II. Cast/Crew

Unlike the novel *Of Mice and Men*, which was essentially created by one man, John Steinbeck, the film version is a collaborative effort. Each person on screen and behind the scene influences the overall film.
