*Michelangelo And The Pope's Ceiling* Ross King,2012-10-31 In 1508 Pope Julius II commissioned Michelangelo to paint the ceiling of the Sistine Chapel The thirty three year old Michelangelo had very little experience of the physically and technically taxing art of fresco and at twelve thousand square feet the ceiling represented one of the largest such projects ever attempted Nevertheless for the next four years he and a hand picked team of assistants laboured over the vast ceiling making thousands of drawings and spending back breaking hours on a scaffold fifty feet above the floor The result was one of the greatest masterpieces of all time This fascinating book tells the story of those four extraordinary years and paints a magnificent picture of day to day life on the Sistine scaffolding and outside in the upheaval of early sixteenth century Rome
