The third book of the Computer Genie series is here. The Computer Genie step 3 will take the child on the journey in the world of Computers. The child will learn not only how to use a computer but also how to be effective with it. As we all know, information technology is the future, and here is how a child can tap into the future. In this book, the child will learn how some computer keywords, software, windows, and other things like that are and how to use them. Along with all this, they will learn how to work with different versions of windows so that if the windows change, the child will not get confused about what to do. Everything we teach in the book is represented with graphical illustrations that are shown to make the child engaged while learning. There are engaging puzzles and quizzes in the book that will help the child to learn actively and be creative at the same time, so that is how we can make the child love with education. Don't miss this amazing book if you want your child's creativity and education both elevated.
